RUSSIAN PROBLEM NOW IS SAVING THE ARMY INSTEAD OF WARSAW

Austro-German Forces Making Supreme Effort to Cut Off Their Retreat.

IT MAY BE SUCCESSFUL

Reports Say Warsaw Denuded of Everything of Value to the Enemy.

Fires Have Been Set to Surrounding Country.

London, July 30. — The Russians now are facing the problem of evacuating Warsaw and the surrounding country without losing their armies, while the Austro-German forces are making a supreme effort to get across their line of retreat. The Teutons are said to have met with partial success in this attempt, a Berlin official report tonight stating that Field Marshal Von Mackensen, resuming the offensive, had reached the Chelm-Lublin railway, about midway between those two cities, and that southeast of this, as far as the Bug river, the Russian front had been "shaken."

One Line of Retreat Blocked.

The success of General Von Mackensen in getting across this railway, after having been virtually stopped by the Russian counter attack, denies at least one line of retreat to the Russians who might still be between him and Warsaw, and also places the Germans in a position to move against the Bug river front, should this be decided upon.

British military critics, however, refuse to believe that Grand Duke Nicholas, commander-in-chief of the Russian forces, has not provided for all contingencies or that he was not fairly sure of the safety of his troops before indicating to the world that he had decided to take up a new line.

Dispatches received here say the country around Warsaw has been put to the torch, while the city itself has been denuded of everything that might be of use to the Germans if it falls into their hands. It may even be some days before the Teutons occupy the Polish capital, for the Russians are still delivering heavy blows at their opponents and are gaining some local successes. However, military critics say these local successes will not affect the Russian plan of falling back to a shorter and stronger front.

As soon as the present operations against Russia are concluded, whether or not they succeed in destroying any large part of the Russian army, it is expected that the Germans will turn to the west, a movement which, however, will take a couple of months at least.

It will, therefore, be a race between the Teutonic forces and the British and French as to which side will take the offensive in France where the situation remains as it has been for weeks past, except in Alsace where the French continue their attacks on the positions protecting Muenster.

Bad weather again is interfering with the operations in the Austro-Italian theatre.

WHAT EFFECT ON WEST FRONT?

Critical Juncture for British and French in Event of Warsaw's Fall.

London, July 31.—The London morning papers generally devote their leading editorial space to the Warsaw crisis, expressing British sympathy for the Russian people and the hope that Grand Duke Nicholas, commander-in-chief of the Russian forces, will be able to extricate his armies successfully. At the same time there is a general inclination on the part of the papers to ask what the effect of the German achievement in the East will be on the Western line. Many papers call attention to a Petrograd dispatch which quotes Col. Shumsky, military critic of the Bouse Gazette:

"For the English and French a critical juncture is approaching when the Germans, hurling themselves with freshly assembled masses on France, will force a decisive battle which will settle the issue of the campaign on the French front and at the same time possibly the issue of the whole war."

AUSTRIANS LOSE HEAVILY.

Disastrous Results Follow Attack on Italians at Gorizia.

Geneva, Switz., via Paris, July 30.—A telegraph dispatch to The Tribune from Laibach in Carniola, says:

"The Austrians attacked the Italians at Gorizia with 170,000 men, including 30,000 Bavarians, on the night of July 28, with disastrous results. The Austrian losses numbered 12,000. On the following day, a fierce Austrian attack on Carso plateau also was repulsed.

"The Italians hold all the positions they have captured in the last 15 days,

FOREIGN INFLUENCES WORKING UP STRIKES

Samuel Gompers Makes Reiteration of Charge.

Foreign Efforts to Bring About Strikes Among Seamen and 'Longshoremen to Retard American Shipping to Europe.

Washington, July 30. — President Samuel Gompers, of the American Federation of Labor, today reiterated his charge that foreign influences had been working to cause strikes in the United States, and called upon the working men to discountenance any such attempts. Mr. Gompers made public his correspondence with the Central Federated Union of New York, which had inquired as to a statement attributed to Mr. Gompers that "officers of international unions had received money to pull off strikes in Bridgeport and elsewhere in ammunition factories."

"I never mentioned international unions," wrote Mr. Gompers, "nor did I refer to ammunition factories. What I did say was that authentic information had come to me that efforts had been made to corrupt men for the purpose of having strikes inaugurated among seamen and 'longshoremen en-

FEARS INFLUENCE OF THE COTTON GROWERS

London Paper Says They Should be Recompensed.

Believes Democratic South Can Bring Pressure on Democratic President in Event of Unsatisfactory Action by Britain.

London, July 30.—Whatever action the British government takes with regard to cotton—whether it merely be kept out of Germany or declared contraband—the Spectator, in an editorial article today, expresses the opinion that the Southern cotton growers of the United States should be recompensed.

"The pressure," this newspaper goes on to say, "which the enormous cotton industry of the Democratic South can bring to bear on a Democratic President, is indeed the crux of the situation. It may be the British government will find that a scheme which it is said to be considering, of compensating American cotton growers by buying a proportion of their crop over and above the British normal purchases, is feasible. If this were thought possible and right it would, we need hardly say, be an enormous satisfaction to Englishmen to feel that the scruples of the American government for a precedent and the grievances of the Southern cotton planters had been satisfied."

BECKER REAFFIRMS INNOCENCE AS HE GOES TO THE CHAIR

Sat Up All Night, Then Led Way to Execution Chamber.

PAYS TRIBUTE TO WIFE

"Purest, Noblest Woman That Ever Lived," He Wrote in Declaration.

Sing Sing Prison, Ossning, N. Y., July 30.—Charles Becker paid the death penalty by electruction here early today for having instigated the murder of Herman Rosenthal, gambler, three years ago. With wonderful composure and maintaining his innocence to the last, the former New York police lieutenant led the way to the execution chamber. A photograph of his wife was pinned on his shirt over his heart. Three shocks were given before the prison physician pronounced life extinct at 5:55 o'clock.

With two priests at his side chanting a litany, Becker joining in and repeating "have mercy on us," the condemned man walked steadily to the death chair. He had sat up all night on the edge of his cot, talking to Deputy Warden Charles H. Johnson.

"I have got to face it, and I am going to meet it quietly and without trouble to anyone", he said.

The Deputy Warden left Becker about an hour before the time for the execution. When Father Cashin, prison priest, and Father Curry, of New York, came, they found Becker with his face resting on his hand gazing at the prison floor. They remained with him to the end. To Father Curry he gave his last message, which was:

Prisoners Last Message

"I am not guilty by deed, or conspiracy, or in any other way of the death of Rosenthal. I am sacrificed to my friends. Bear this message to the world and my friends. Amen."

He hesitated a moment as he entered the execution room. He looked quickly at the double row of witnesses, glanced at the floor, then suddenly walked over the ruber mat and seated himself in the electric chair.

Three shocks were given before the condemned man was pronounced dead. He was put to death by the state executioner wose name is unknown to the public. He said that in his opinion, Becker had died instantly at the first contact.

At 4:30 o'clock Becker gave out the following typewritten statement as his dying declaration, signed in his own bold handwriting.

Dying Declaration

"My Dying Declaration".

"Gentlemen: I stand before you in my full senses, knowing that no power of earth can save me from the grave that is to receive me. In the face of that, in the teeth of those who condemned me and in the presence of my God and your God, I proclaim my absolute innocence of the foul crime for which I must die. You are now about to witness my destruction by the state which is organized to protect the lives of the innocent. May Almighty God pardon every one who has contributed in any degree to my untimely death.

"And now, on the brink of my grave, I declare to the world that I am proud

FOREIGN VESSELS TO BE GIVEN REGISTRY

Nothing in Way of Transfer to American Owners.

Bureau of Navigation Had Delayed Giving Registry Because Steamers Were Financed by Foreign Capitalists

Washington, July 30.—Admission to American registry of twelve foreign steamers purchased for the American Trans-Atlantic Company was assured today when Secretary Lansing transmitted to the Department of Commerce, a written memorandum holding that neither international law nor policy stood in the way of the transfer. Registration is expected to be granted without delay.

Despite the information of the Bureau of Navigation that the transactions were financed by Hugo Stinnes a capitlist of Essen, Germany, the State Department took the position that neither this government nor the prize courts of belligerent nations could go behind the bona fide ownership of the vessels by an American company and that a mortgage held by a citizen of a belligerent country on a ship would not justify its seizure if the ownership was neutral.

The twelve vessels have an aggregate of 44,251 gross tons and are valued at upwards of $2,000,000. Eleven of the vessels were originally of Dutch Norwegian or Greek ownership, but six of these, since their purchase by Albert Jensen, agent for Stinnes, have been placed under the Danish flag. One vessel, an oil tanker, is in course of construction in a German shipyard at either Kiel or Dantsig.

NEXT STEP BY U. S. TO RESTORE PEACE IS TO BE DEFINITE

Action on Mexican Situation Immediately Upon President's Return.

WILL NOTIFY CHIEFS

Message Likely to be Sent Stating Final Date to Cease Hostilities.

Washington, July 30.—Definite steps toward the restoration of peace in Mexico will be taken immediately upon President Wilson's return to Washington next week. The specific action the President may have decided upon has not been disclosed, but it was authoritatively stated tonight that preparations were being made to carry out promptly the program determined upon. Only an unexpected move in Mexico itself to end the strife, it is said, would further delay affirmative action by the United States to restore constitutional government in the war-torn republic.

Armed intervention is not regarded as contemplated in the President's program. Many officials believe no forcible measures would be required. Persistent reports have reached here that the faction leaders are inclined to yield to the demands of this government for a peace conference. Reports are generally credited that a message will be sent to the opposing leaders fixing a final date for them to cease hostilities and assemble a conference to settle their differences. Possibilities of another failure to bring this about is being considered by the President, it is declared, in formulating his plan.

Whether in that event a general embargo on arms exportations will be imposed or American troops employed to assure transportation of food to the starving people of the country, cannot be predicted. It is known, however, that the army and navy are ready for any eventuality.

Secretary Lansing today said that representations sent to Generals Carranza, Villa and Zapata last night urging that routes to Mexico City be opened to provision trains, were forceful, that to Carranza, who controls the railroad from Vera Cruz, particularly so.

No answer from any of the Mexican generals had been received tonight. It was believed, however, that provision trains would be moving to Mexico City within a few days under guard of Carranza troops. Some reported military movements led to this belief.

Charles A. Douglas, who returned to Washington today from Vera Cruz, after conferences with General Carranza and Gonzales, brought assurances that Carranza forces would hold Mexico City after the re-occupation.

Separate representations have been made to Zapata regarding the attack upon Allan Mallory, an American citizen, who was detained by Zapata soldiers at Puebla while carrying departmental dispatches. Effort is being made to fix the responsibility for the attack and to assure protection of Americans in future.

A Red Cross statement tonight said conditions around Hermosillo, Sonora, were "getting worse every day. The government is taking all wheat from farmers without asking and all flour."

A statement signed by 40 Mexican residents of Sonora and forwarded to the Red Cross, said there was great suffering, many families having only one scant meal a day.

"We do not want war," says the statement. "We desire to work in peace and save our families from starvation, even if the government does deny that hunger exists. This statement of the government is false, as we know that hunger exists and we feel sure that some cases of actual starvation have occurred."

CARRANZA GETS STATEMENT

Contains Questions by President Wilson Regarding Mexican Situation

Vera Cruz, July 30.—John R Silliman, President Wilson's personal representative in Mexico, today presented to General Ventiusto Carranza the first chief of the constitutionlists, a statement from the United States government regarding the situation in Mexico City. The statement requested information as to when communication with the capital would be restored and also asked other pertinent questions concerning what could be expected in the near future.

NON-COMBATANTS SUFFERING.

While Both Mexican Armies are Plentifully Supplied With Food.

Laredo, Tex., July 30.—Non-combatants at Torreon, Mexico, are suffering severely from lack of food, while the Villa and Carranza armies in that vicinity apparently are plentifully supplied, according to passengers who arrived here late today from Torreon.

AIRMEN DROP BOMBS OVER GERMAN TOWN

London, July 31-1:27 A. M.—A Reuters despatch from Amsterdam says it is officially stated in Berlin that three allied airmen appeared early Friday over Fribourg and dropped several bombs. One civilian was killed and six civilians were wounded. The material damage was slight.

PRESIDENT GUILLAUME, OF HAYTI, SHOT DEAD.

WILL BE DELIVERED WITHIN DAY OR TWO

Britain's Supplemental Note Will Soon be Released.

PREPARING FOR REPLY

State Department Has Gathered Much Data on Points to be Discussed and Will be Ready for President on His Return.

Washington, July 30.—The supplemental British note regarding the rights of neutrals at sea and within blockade lines will be delivered to the embassy at London within a day or two, Ambassador Page advised the State Department today, and possibly will be released for publication early next week.

The British position or at least two points not treated in the original note, the detention of the American steamer Nechez and the American caveat of July 14, declaring the orders in council would not be recognized by this government as a substitute for international law, will be fully argued.

Meanwhile much data has been gathered by the State Department upon which to base a rejoinder, which possibly will be ready for President Wilson's consideration before he returns to Washington next week. The accuracy of the figures in previous British notes covering the volume of American exportations to Germany and Austria via neutral ports is being scrutinized. The British contention is that these figures show large quantities of American cotton and even military supplies have reached Germany and Austria via Sweden, Denmark and Holland, principally breaking the Allies' blockade.

All of these neutral countries now have embargoes against the re-exportation of such goods. Efforts of the State Department to ascertain to what extent these embargoes have been violated have failed. Naturally there are no records of an illicit traffic. The lack of these statistics may prevent the department from challenging successfully the British followers which are based upon the normal consumption of American goods by the neutral ccuntries involved as disclosed by ante-bellum statistics and American export figures, showing the value of the wartime trade with those countries.

IMMEDIATE WAGE INCREASES

For Employees Tidewater Oil Company, at Boyonne

New York, July 30. —Notices of immediate wage increases of from five to fifteen percent were posted today at the Bayonne, N. The Tidewater employees returned to work this week without asking any increase in wages or reduction in hours.

INQUIRY NOW UNDER FEDERAL AUTHORITY

For Determining Blame for Eastland Wreck.

NO NEW FACTS FOUND

Labor Leaders Protest to Department of Commerce Hearing of Federal Inspectors—Total of 835 Bodies Have Been Recovered.

Chicago, July 30. — Investigation to determine whether anyone was criminally to blame for the capsizing of the steamer Eastland in the Chicago river Saturday, with the loss of about 1,000 lives, was confined today to a Federal grand jury and the steamboat inspection service under Secretary of Commerce William C. Redfield.

The ship, still lying on its side at its wharf, was taken over by a Federal marshal on orders from Judge Landis, of the United States District Court. The county grand jury, it was decided by Maclay Hoyne, State's Attorney, possibly did not have sufficient jurisdiction to accomplish anything, and closed the inquiry for the present.

Secretary Redfield's examination of the steamboat inspectors continued today, but developed no new facts.

Before Mr. Redfield resumed his hearing, labor leaders issued statements that the Department of Commerce inquest would be a whitewash for Federal inspectors. These labor leaders telegraphed a protest to President Wilson, but received no reply. After yesterday's testimony before Secretary Redfield, Mayor Thompson and others said that the examination of witnesses seemed unsatisfactory, while Assistant State's Attorney Sullivan thought the questions put by Secretary Redfield were too leading.

The questioning of witnesses today was turned over to A. L. Thurman, solicitor of the Department of Commerce, although anyone in the room was allowed to put queries. Secretary Redfield said the determination of guilt, if any, lay with the Federal grand jury and the Federal trial court, and that his investigation was only to determine whether steamboat inspectors had acted according to legal requirements.

The hearing before Secretary Redfield and members of the steamboat inspection service will continue tomorrow, as will the taking of testimony by the Federal grand jury.

Peter M. Hoffman, coroner, whose jury charged six persons with probable blame for the catastrophe, today arranged a conference with Mayor Thompson to plan some means of obtaining more stringent recognition of steamers "if the Federal inquiry avails nothing."

Little apparent headway was made with the righting of the Eastland. Only one body was recovered today, making the total known dead 835. The missing list kept by the Western Electric Company, whose employees arranged the excursion that was stopped by the upsetting of the steamer, receded to 161 tonight, indicating that the total number of dead would possibly be under

FIGHTING IN HAITI CALLS FOR LARGER FORCE OF MARINES

Two American Bluejackets are Killed in Attack at Port au Prince.

BY FIRE FROM SNIPERS

Battleship Connecticut and the Transport Hancock Will Land Reinforcements.

Washington, July 30.—Two American bluejackets were killed last night in an attack by natives on Port au Prince, Haiti, held by Rear Admiral Caperton with 400 men from the cruiser Washington. The attacking party was beaten off without having approached closer than the outskirts of the city and order was maintained in the city itself. No sailors were wounded and the loss of the attacking force was not reported.

The dead are William Gompers, seaman, of Brooklyn, and Cason S. Whitehurst, ordinary seaman, of Norfolk, Va.

Reinforcements Ordered.

Reinforcements had been ordered to Haiti before word of the fighting was received. The battleship Connecticut will sail from Philadelphia tomorrow with a regiment of marines, numbering 500 men. The navy transport Hancock, now being overhauled at Philadelphia, also will go to Haiti, it is said, although it is not known what force she will carry.

Admiral Caperton's message gave few details of the fighting. It showed, however, that he had been warned of the intention of the Haitiens to attack the city, and early in the evening Captain E. L. Beach, of the Washington, commanding ashore, moved his men out to the edge of the city to meet them, leaving strong guards to maintain order in town. The Haitien soldiers and civilians in the city were disarmed yesterday to prevent sniping from the houses.

The attack came at 8 o'clock last night, the bluejacket battalion bearing the brunt of the fighting. From the brush beyond the last house, snipers opened fire on them. The fire was returned and the attackers driven off, but not before Gompers and Whitehurst had been killed.

Admiral Caperton's Report.

The following summary of Admiral Caperton's terse report was given out tonight at the Navy Department:

"Admiral Caperton reports from Port au Prince that owing to a report that the town would likely be attacked during the night that he made disposition of his forces for defense at 5 P. M. Attack from south about 8 P. M. Sniping from brush in outskirts of town. Two killed in the seamen battalion, none wounded. Successfully repulsed attack. Maintained quiet and order in interior of city throughout night."

In his first message after his arrival at Port au Prince, when the marines and bluejackets encountered slight resistance on landing Admiral Caperton asked for an additional regiment of marines. The men were needed, he said, to police the city and surrounding district adequately. He suggested that the additional marines be sent upon the cruisers North Carolina or Tennessee, fast ships, indicating that he expected some difficulties. These vessels were not available, and the department ordered the battleship Connecticut at the Philadelphia yard made ready to sail tomorrow. The Connecticut was taking on stores tonight.

Feels No Apprehension

Secretary Daniels felt no great apprehension about the situation. The extra force was sent primarily, he said, to permit short hours of guard duty.

"Admiral Caperton has advised us," said the Secretary, "that it is very hot at Port au Prince and that he did not deem it advisable to keep marines on shore duty constantly. He said he wahted a sufficient guard to assure adequate protection at all times."

Disarmament of the town yesterday was directed after a conference between a committee of safety organized by the citizens of Port au Prince, American navy officers, and the American charg d'affaires. This committee is the defacto government. Any negotations by the State Department will be addressed to it as there appears to be no other form of government at the present time.

It is practically assured that during the occupation of Port au Prince, efforts to negotiate a treaty with Haiti for the admistration of that countrys financial affairs by the United States, similiar to that with San Domingo, the neighbor of Haiti, will be renewed.

This government purposes to include in such a treaty a provision similar to the Plattad in the Cuban treaty, whereby the United States has the right to intervene in the interests of peace. Previous efforts to obtain such a treaty failed because of the late President Guillaume feared the people would rise against him if he signed it.

Admiral Caperton's forces possibly will stay in Port au Prince until a stable government is established and a treaty with the United States signed.

WILL ELECT PRESIDENT.

Haitien Chamber and Senate in Session—Landing of Marines.

Port au Prince, Haiti, July 30.—The Haitien chamber and senate met today and were declared to be in continuous session. The two houses sent instructions to all the military officers, calling upon them to maintain order.

Boston, July 30.—Detroit turned a nothing to six score of five innings into a 7 to 6 victory over the Boston Americans today, aided largely by Boston's errors. Leonard allowed only one hit in the first five sessions, but in the sixth and seventh his wildness, Detroit's hits and a two-base wild throw by Lewis gave the Tigers five runs. The visitors scored the tieing and winning tallies off Wood's pitching and misplays in the ninth. Boston scored all its runs off Dauss, three pitchers who succeeded him holding the Red Sox hitless. Ty Cobb struck out twice before the shoots of Leonard, once for the third out with the bases filled.

VALLIS DEFEATED BY HANSEN

Greek Wrestler Gets Only One Fall from Norwegian Athlete—May Have Another Match Later.

Before a company of spectators roughly estimated at 150, making up by their enthusiasm what was lost in their numbers, Fritz Hansen defeated the Greek wrestler, Paul Vallis, of Richmond, Va., in their match last night in Woolvin Hall, taking two of the three falls.

The match was described as one of the prettiest and fastest ever pulled off in Wilmington, perfectly clean in every particular and not one objectionable feature to shock the sensibilities of the most timid. The main event was preceded by a fast match between local featherweights which whetted up the athletic appetite for the big show that was to follow.

Both Hansen and Vallis appeared in the best of condition and went at each other in sportsmanlike fashion. Hansen took the first fall out of Vallis in 23 minutes with a hammer lock. The second fall went to Vallis in seven minutes with a body scissors, hammer lock and bar hold. The third fall went to Hansen in exactly six minutes with a toe hold.

Mr. Chas. Dushan refereed the match and Mr. L. T. Moore was timekeeper.

Both Vallis and Hansen are welterweights and Vallis announced after the match last night that he would be willing to wrestle Hansen again if the latter would train to 145 pounds weight. It is not unlikely that the second match will be arranged later.

PETERSBURG PAYS ROCKY MOUNT IN DOWN HOMERS' OWN COIN

Rocky Mount, N. C., July 30.—Loosely played by the Tar Heels who were powerless before Richmond, the Goobers made a runaway of the second game of the series today by hammering O'Brien all over and out of the lot for a total of nineteen hits, seven for extra bases, and the final score wound up with an even dozen tallies to a goose egg. O'Brien seemed powerless to stop the onslaught of the slugger, while Manager Ryan, who was doing the receiving, held him on the slab until the opening of the ninth, when Gray came in from right field after the work was done. With a change in the winning club, the game was a duplication of the clash of yesterday and was a one sided melee. There were no fielding features through the crowd stuck solidly to the home club and vainly cheered when Applegate was called from the bench to pinch hit with two on the ninth but all to no avail.

LEE AXWORTHY WON M. AND M. $10,000 STAKE AT DETROIT.

Detroit, July 30.—Lee Axworthy, owned by the Pastime stables, of Cleveland, and driven by William Andrews, this afternoon won the 26th renewal of the Merchants' and Manufacturers' $10,000 stake from the greatest field of trotters which ever faced the starter in this classic. Raised from the 2:24 to the 2:08 class, the stake brought out a dozen of the best ones in training, but Lee Axworthy outfooted the lot and took the race in straight heats. Incidentally, he had to set a new record of 2:04 3-4 for the stake to beat Peter Scott, who was the chief contender all the way.

Chicago, July 30.—Chicago and New York broke even in a double-header today, the visitors winning the first 3 to 2, which was the tenth game out of the last 15 lost by the locals, by one run, but were shut out in the second 4 to 0. Chicago tossed the first game away when Fisher's fumble, followed by a sacrifice, an infield out and a wild pitch allowed the visitors to score the winning run in the seventh.

The locals bunched a triple and a double, following a base on balls off Perritt in the fourth for two runs in the second game, and bunched three hits with a wild pitch while Schauer was on the mound in the sixth for two more runs.

Chicago	000 202 00*	4	6 2

Schupp, Perritt, Schauer and Dooin; Humphries and Archer.

Cincinnati, July 30.—Cincinnati won from Boston today by hammering three pitchers at opportune times. The score was 6 to 3, the visitors rallying in the final inning by coupling two hits with three bases on balls and thus escaping a shut-out. Schneider pitched good ball with the exception of the ninth inning. Killifer made three two-base hits.

Boston	000 000 003	3	7 0
Cincinnati	000 102 02*	6	9 0

James, Hughes, Barnes and Gowdy; Schneider and Wingo.

Pittsburg, July 30.—Brooklyn defeated Pittsburg today 3 to 2. Pittsburg scored two runs in the third and Brooklyn tied the score in the fourth. In the ninth O'Mara doubled but was run down between third and home when Wheat tapped to the infield. Wheat reached second and scored on Cutshaw's single.

Boys' Brigade Play Y. M. C. A.—W. L. I. Meet the Giants.

The City League baseball clubs promise some good sport at Sunset Park this afternoon. The first game will be between the Boys' Brigade and Y. M. C. A. The Brigade boys are going to make one long, hard try to claim the laurels in this game.

Earnest Irving will be on the mound for the Boys' Brigade. Irving pitched fine ball last Saturday, and he expects to do a lot towards gaining a victory for the Brigade.

The second game staged will be between the two fast teams, the W. L. I. and Giants. Green for the W. L. I. and Register for the Giants will be there to give the crowd some good exhibitions maneuvering the pill. All ladies accompanied by a gentleman will be admitted free this afternoon.

The first game will start promptly at 3 o'clock, and the second at 5 o'clock.

PETERSBURG PLAYERS FINED BY ROCKY MOUNT RECORDER.

Rocky Mount, N. C., July 30.—Because of an exchange of views of the impressions one of the other, which was followed by blows, and precipitating the only fight of the year at the local ball park, Catcher Francisco and First Baseman Kelehar, of the Petersburg baseball club, were fined in the recorder's court of the city this morning. The fight was preceded by a disgusting interchange of epithets and serious bodily harm was prevented only by the prompt intercession of players of the Petersburg club. Such an act is generally deplored by fans and censured severely by the management which has worked untiringly to keep the sport clean and the park free from any objectionable feature.

BURGAW DEFEATS WALLACE IN INTERESTING GAME

Wallace, N. C., July 30.— In a fast game that was interesting throughout, yesterday afternoon Burgaw defeated Wallace on the Wallace grounds by a score of 4 to 2. Neither side made an error. The game was featured by the timely hitting of Cooper and Daniels and the pitching of Cooper. Burgaw did her scoring in two innings, while Wallace touched home twice in the seventh inning.

Batteries; Wallace, Kilpatrick, and Jerome; Burgaw, Cooper and Bannerman. Errors by Wallace' Burgaw 1. Hits off Cooper 6, off Kilpatrick, 9.

Boston, July 30.—It was only after two five-set matches that R. N. Williams 2nd, of Boston and W. M. Washburn of New York, won their way to the final of the eastern doubles tennis tournament on the courts of the Longwood Cricket Club today. They had dropped two sets to H. H. Hackett and T. R. Pell, of New York, in the semi final match, when Williams, then a champion, recovered his control.

MISS PEGGY CAMERON.
Leading Lady at the Academy of Music This Week.

THEATRICAL

One of the biggest and most unique novelty dramatic productions of the year is "The Prize Story," a three-reel Victor, featuring those peerless stars, Rosemary Theby and Harry C. Myers, in the leading roles. There are not many people in this great picture, but when Harry Myers and Rosemary Theby have the center of the stage in one of their intensely gripping and passionate love scenes, you wouldn't notice a mob.

This wonderful picture is as novel in theme as it is in setting, development and climax. The fire scene is more than thrilling, because it is the real thing. An entire expensive set is burned to the ground because the villain loses his life in the flames to the joy and happiness of Harry and Rose. It is a big story—words can't do it justice, so you must see it today, sure.

Hank Mann, that peerless L-Ko laugh producer, looking as solemn as a judge, as usual, presents his greatest laugh hit of the season, "The Child Needed a Mother," a full reel of rousing, screaming situations that defy description. Pretty Peggy Pearce assists him ably in this. Don't miss this great L-Ko. There's a scream in every scene.

George Ade at the Grand

Today is George Ade's day at the Grand-America's greatest humorist, who will present his Fables in Slang. These photo comedies never fail to please "Fable of the Search for Climate is the title of the one-reel comedy selected for today, the moral of which is, "Providence often helps the man who is unable to reach out and help himself."

Kalem company is also in line with a two-reel drama, "The Vivisectionist", which deals with this important subject. According to the story, fearful cries which come from the cottage occupied by Dr. Jardine cause the police to conduct an investigation. Marin Sais, who plays the girl detective, does some very clever work in bringing the guilty ones to justice. G. M. Anderson, who has been out of the running for a long time, will also make his appearance in a western drama, entitled "Broncho Billy's Word of Honor" assisted by Harry Todd and Lee Williard.

Next week the Grand will offer the greatest programme of pictures ever shown in Wilmington. Monday, Paramount day Lasky company present Marguerite Clark in "The Goose Girl", Tuesday, "The Criminal", featuring Maurice Costello and Norman Talmadge; Wednesday, "Midnight at Maxim's", four-reel Kalem specactular cabaret show; Thursday, Paramount day, May Irvin in her comedy success, "Mrs. Black is Black"; Friday, the serial beautiful, "The Goddess" featuring Anita Stewart and Earle Williams, Third installment.

PITT COUNTY CROPS GOOD

Tobacco Fine, Cotton Fruiting Well; Corn Not so Promising

(Special Star Correspondence)

Greenville, N. C., July 30.—Pitt county's tobacco crop is generally very good, though some has suffered from lack of rain. The acreage is about the same as last year, with prospects of about the average crop. It is a little late and curing has just gotten well under way. The market opens August 17th, No big opening is expected as there will be little ready for market by that date.

Cotton looks fine. It has made a big growth and is fruiting well. If there is no unusual amount of shedding later there will be a good crop.

Perhaps corn planted early in the season suffered more from bad seasons than any other crop. Much suffered from dry weather. Late corn is doing better and there will be much corn in Pitt next year and some may go to help feed the fighters in Europe.

SAM J. PORTER IS COMING TO CLARKTON

Eminent Texas Divine to Preach in Revival Meeting

Native of Columbus, Who Married in Bladen, Former Foreign Missionary and Noted Preacher to Assist Brother in Revival

Clarkton, N. C., July 30.—Rev. Sam J. Porter, D. D., of San Antonio, Texas, one of the most eminent and successful Baptist ministers in the South, is to assist his brother, Rev A. H. Porter, in a series of revival meetings at the Baptist church here, beginning August 1 and continuing about two weeks. Because of Dr. Porter's eminence and ability as a preacher, Clarkton is to be congratulated that he is to spend a couple of weeks preaching here. This gives the town of Clarkton an opportunity that would be prized by the largest cities in the State.

For several years Dr. Porter served churches in North Carolina, among them the First Baptist church of Newbern and the First Baptist church of Fayetteville. A dozen years ago he became pastor of the Central church in Kansas City Mo. Later he was one of the secretaries of the Foreign Mission Board of the Southern Baptist Convention with headquarters in Richmond, Virginia. More than four years ago he accepted the pastorate of the First Baptist church of San Antonio, Texas, the largest city in the state, which position he still holds. During the present pastorate there have been nearly 900 additions to the membership and the church has contributed about $100,000, fully half of which was for missionary, educational and benevolent purposes.

In 1906 William Jewell College of Missouri conferred upon Mr. Porter the degree of Doctor of Divinity. In June, 1914, the same degree was given him by Baylor University of Waco, Texas, which has a student body of about 1,400. In this University Mr. Porter has a son and daughter who are members of the Junior class.

In addition to his pastoral and missionary work, Mr. Porter has written a number of books among which may be mentioned "The Shepherd Heart," published by the American Baptist Publication Society, of Philadelphia, Penn., "The Life of the Lord's Prayer" published by the Western Baptist Publishing Company of Kansas City, Missouri, and "The Twelve Gemmed Crown," published by Sherman, French and Company of Boston, Mass.

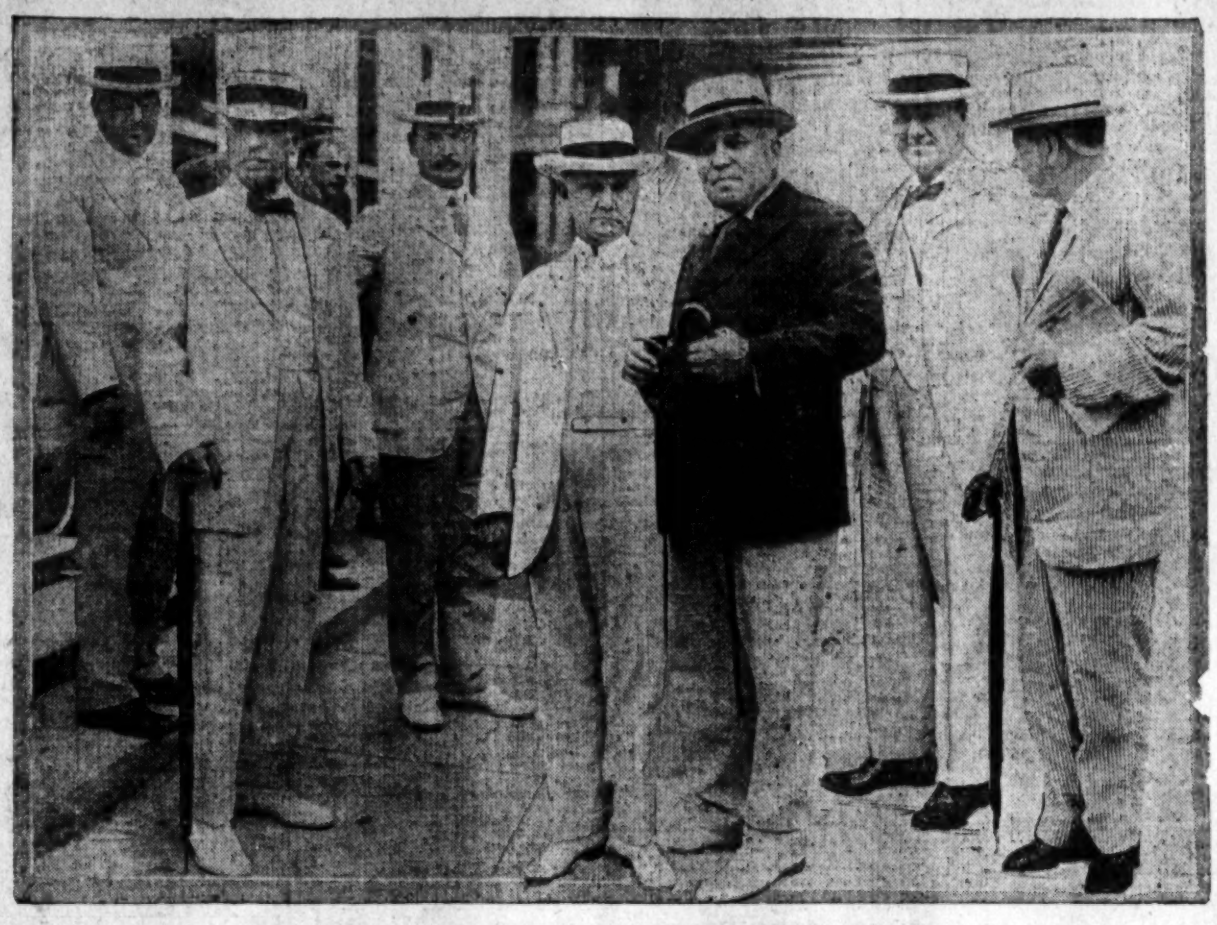
He has been actively interested in the work of Foreign Missions. For a time he served as missionary in Rio Janeiro, Brazil, and later, while officially connected with the Foreign Mission Board, he wrote many tracts and booklets, attended the World Missionary Conference as delegate, in Edinburgh, Scotland, and visited principal cities of Italy and Sicily, where he preached and spoke on missions.

Rev. S. J. Porter was born and reared in Columbus county. His mother, Mrs. Caswell Porter, still resides with her youngest son, Mr. J. E. Porter, in the Boardman community .She has just entered on her eighty-fifth year. Rev. Mr. Porter was educated in the Columbus county public schools, at Wake Forest College and in Chicago University.

Mr. Porter married Miss Katie Munn, daughter of the late Major Angus Munn, of Bladen county. They have seven children.

He has returned to his childhood home to visit his mother every year, except one, of the 26 years since he left.

Cabinet Dressed in White to Consider Last Note to Germany



Left to right:—Lindley M. Garrison, Secretary of War; Robert Lansing, Secretary of State; David F. Houston, Secretary of Agriculture; Thomas W. Gregory, Attorney-General; Franklin K. Lane, Secretary of the Interior; Josephus Daniels, Secretary of the Navy; Albert S. Burleson, Postmaster-General.

At the meeting of the cabinet to pass on the final draft of the note to Germany on the case of the Lusitania and the use of German submarines, which was considered by some persons one of the most momentous meetings of the presidential advisers in many years seven members dressed in white. They are shown here. Secretary Lane so far broke the rule as to wear a blue wool coat.

It is not every one in Washington nor in the cities of the United States where the heart is sometimes almost insufferable who has the courage to wear white for comfort in the summer. But members of the cabinet have quite generally taken to it this summer. Most of them are men big enough to place comfort before criticism.

Sheriff Taking Gun From Standard Oil Guard

Eugene Kinkead, former member of the House of Representatives in Washington and now sheriff of Hudson county, N. J., who put down the riots at the Standard Oil plant near Bayonne, is shown here arresting a guard and taking his gun from him. The sheriff has arrested more than one hundred guards, some of whom had fired into crowds of strikers when the conditions at the plant seemed dangerous. But he did far more than that.

He arrested Hugh H. Mara, city commissioner of Bayonne, on the charge of inciting riot, and several other officials whose conduct he didn's like. When he arrested 90 guards Wednesday, July 27, he did it like an old-time western sheriff of the bad lands.

MUCH SPECULATION ON THE ORIENTAL MAN'S INVENTION

Will Dixon Hasn't Told How It Stops Torpedoes Prematurely.

(Special Star Correspondence.)

Newbern, N. C., July 30.—Since the announcement was made that Will Dixon, of Oriental, Pamlico county, had invented an appliance that would prevent torpedoes fired at a ship from striking the vessel, considerable interest has been manifested in the affair. Mr. Dixon, who has gone to Washington, D. C., to confer with the Naval Board in regard to his invention, has given out no information to the public as to what it consists of. He was asked a few days ago if it consisted of guarding nets which could be thrown out from a vessel, but declared that this was not the case. The only remaining solution of the mystery is that he either intends to use electricity or some powerful chemical which will explode the torpedo several hundred yards from the vessel. Mr. Dixon plainly stated that, if given eight seconds time after the torpedo was fired, he could prevent it from striking the vessel and that its explosion (he acknowledged that it would explode) would not be felt aboard of the boat. The result of his conference with the navy men is awaited with interest.

STOCK LAW ELECTION POSTPONED

Jones County Not to Vote on Question Just Yet Awhile

(Special Star Correspondence)

Newbern, N. C., July 30.—The much talked about stock law election which was to have been held in Jones county on August 3, has been postponed until a later date, said date to be annouced in due time before the election is held. This matter of placing Jones county in the stock law territory is one of the greatest importance to the people of that section and there are hundreds of citizens who are in favor of it. There are, however, a few who have not yet been made to see the advantages of the law and the delaying of the election was done so that these persons could be made to thoroughly understand the advantages that would be derived from the law and would not be antagonistic towards it after it had been passed. An election for the same purpose will be held for the southern part of Craven county on September 7th.

REUNION DUPLIN VETERANS

To Be Held August 5th at Kenansville —Interesting Occasion

(Special Star Correspondence)

Warsaw, N. C., July 30. —An annual event of much importance to the people of Duplin county is the Reunion of Confederate Veterans, held each year in Kenansville. It is looked forward to with great anticipation from year to year. This year the day set for the reunion is August fifth, and many plans have been made for the pleasure of the occasion. Among these will be addresses by noted speakers and a dinner served by the local chapter U. D. C. to the veterans.

Montgomery, Ala., July 30.—The lower house of the Alabama legislature today voted 50 to 43 to exempt from taxation for a period of ten years, cotton mills, ship building plants and lime nitrogen plants. The exemption clause is part of the general revenue bill over which the house has been working in committee meetings and caucuses all of this week.

CONFEDERATE WOMEN'S HOME TU OPEN IN FALL

Will Have Capacity for About 60 Soldiers' Widows.

Belhaven Man Charged With Skipping With Wife's Automobile and Money—Crops in Cumberland and Pitt Are Fine.

(Special Star Correspondence.)

Raleigh, N. C., July 30.—J. A. Turner, of Louisburg, here today returning from Fayetteville where he went as a director to look after the construction of the North Carolina Home for Confederate Women, says that the new main building will be completed by September 15 and that it will be dedicated about October 15 and gotten ready for accupancy by the early fall. The building will have a capacity for about sixty widows of Confederate Veterans.

There will be a meeting of the directors early in October for the election of a matron for the home. There are already ten applications on hand for this place. The board is spending $15,000 in the erection and equipment of the building and considerably more than that is being donated by friends of the movement for the establishment of the Home. The directors are J. A. Bryan, Newbern; George M. Rose, Fayetteville; A. D. McGill, Fayetteville; Dr. H. T. Bahnson, Winston-Salem; Capt. W. H. White, Oxford; J. A. Turner, Louisburg.

News comes from Belhaven that the authorities are searching for G. H. Miller, whose wife charges him with skipping out from there July 21 with her Ford automobile and $1,000 of her money. She says the machine was hers and that it was licensed in his name instead of hers. She was a widow when she married Miller who is a photographer and had a supply store at Belhaven.

Hon. J. Bryan Grimes, Secretary of State, just back from Grimesland, says he found the tobacco crop the finest that section has ever grown and the corn and the cotton crops somewhat backward, but, nevertheless, very good.

State Treasurer B. R. Lacy, who came in today from a week's visit to his daughter, Mrs. Chas. G. Rose, of Fayetteville, says that the crops in that section are quite fine. He saw large numbers of new tobacco barns, indicating that the Fayetteville section is going more largely into the growing of tobacco, the growing crop looking especially well.

The Ethel Chair Co., of Lenoir, was chartered today with $100,000 authorized and $500 subscribed by B. L. Stone, L. E. Stone and B. F. Smith, for chair and general furniture manufacturing.

Another charter is for the Elkin Motor Co., of Elkin, capital $36,000 authorized and $2,300 subscribed by Alexander Chatham, Jr., and others for automobile and garage business.

W. F. Hancock, Jr., was here today from Oxford on his way to Cheyenne, Wyo., where he goes to become private secretary to F. P. Hobgood, Jr., of Greensboro, who is located there as special assistant United States Attorney General, in co-operation with E. J. Justice, of the Department of Justice. They have in hand government litigation. Mr. Hancock was a law student at the University of North Carolina last year.

A man who runs in debt is bound to walk in the long run.

The first and the last word is exactly the same—America.

A Florida paper announces that "candidates are coming out". In the fall of next year most of them will come clean out after getting cleaned up.

Words seem to have failed Colonel Bryan, but Colonel Roosevelt proposes to keep right on handing out a word now and then "on vital questions" whether they are so very vital or not.

A Chicago man is proud of his wife because she refused to sell him to a widow for $500. Probably she was afraid of burglars and had to have some sort of man around the house.

Luke McLuke declares that "man is born without thirst". As soon as he finds it out, however, he is not satisfied till he makes up for it by cultivating a thirst that keeps him working hard in order to gratify it.

"What this country needs most is efficiency," declared a progressive citizen. "Quite true," replied another, "but you must remember that efficiency has brought on the greatest war the world ever saw. Manufacturing, commercial, trade and military efficiency are about to get us every one into war, but after it is all over every nation will adopt efficiency as its standard." Those two observant gentlemen are about right. The America already has commenced on an efficiency programme for the navy and the army.

What the South and the nation demand of Wilson is that he induce or force Germany and Great Britain to do what we want them to do without going to war with either. That is exactly what Wilson is trying to do and the country is with him. He may succeed or he may find it a superhuman task. If such it should prove to be, then the South and the Nation may be down on Wilson. If he succeeds in his purpose to secure what we want from Great Britain and Germany without the use of force, then it's bully for Wilson!

"There is always room at the top", but some who manage to get there want all the top for themselves. Roosevelt and Taft both got to the top, but Teddy wanted to be the topmost and tried to throw Taft off the roof. The big man is right there yet and is anchored for good. Teddy also is there but he cuts up so much he is liable to slide off. Peary and Cook both claim that they reached the top of the world, but Peary resented the allegations of Cook and got his own allegations accepted by those who have guessed that Peary was the discoverer who reached what he thinks is the North pole.

CONFIDENCE IN THE SOUTH.

The minimum amount of whine, compared with the maximum amount of courage and independence in the South, unfortunately is reflected in Northern newspapers to the disadvantage and disparagement of Dixie. Whining does not deserve publicity, but it is getting it, thanks to some Southern pessimists, politicians and newspapers. The South's imagined or temporary problems are receiving wide-spread prominence and the howl of a few pessimists is attracting more notice than the achievements of the courageous constructionists and optimists of the South.

In view of the injury that may be done to the unhalting progress of the South and its continued satisfactory development, considering world war conditions, this is a good time to advertise abroad the matchless resources of the South and the great opportunities here for making this the greatest section of America. The optimists certainly ought to mobilize and turn their "Busy Berthas" loose on the pessimists. The whinny squad ought to be driven from its trenches by the "drive" of the cohorts of progress.

There is enough doing in the South for the volume of achievement to sweep the driftwood of pessimism before it. We ought to be advertising the South instead of creating abroad false impressions that it will take years of effort to obliterate. We ought to be dumb on our few woes and be heard loudly stressing the big things that the South is doing and is going to keep on doing, in spite of the small class of calamity howlers who seem to have the hall all to themselves.

If we will only note what the railroads and the industrial captains of the South are doing, we will be impressed with their constantly manifested confidence in the South. If such a class engaged in Southern progress has confidence in the South, certainly all of us, as well as people in the North, should be inspired by the activity and work of the real constructionists.

While the date lines of some Southern cities appear in newspapers to chronicle a grouch or to magnify the mere forebodings of the pessimists, that from Wilmington tells about the Atlantic Coast Line's great plans to send its advertising car to the North to magnify the advantages and opportunities that so prodigally exist in the Nation's Garden Spot. Unmindful of the small tale of woe that the pessimists are telling to each other, the Coast Line's object lesson car will whirl away from Wilmington, August 15th, on a Northern itinerary to proclaim Southern advantages and opportunities, the fuller realization of which will make a greater spot of the Nation's Garden Spot.

That car will not carry any howls to the North but it will carry a magnificent exhibit to the fairs in various Northern states, so that the Northern people may have ocular evidence of the matchless agricultural resources of North Carolina and all this unrivalled South Atlantic portion of America. It will be a striking exhibit of the marvelous farm production of this region, showing a variety of products that no other portion of the globe can show in like profusion. The quality and variety of money and food products to be exhibited ought to convince those abroad that there are in this section vast opportunities only waiting to be seized by industrious and thrifty home-seekers from everywhere.

When the constructionists and boosters are on the wing, the pessimists may as well lie low. The Coast Line will "show" those "from Missouri" and it will be an object lesson that will thrust the lesson home. With Southern railroads going right on double-tracking their lines, building great steel bridges, constructing concrete viaducts, hard-ballasting their road beds, adding all the efficient equipment possible for modern railroad travel and transportation for the growing and developing South, it shows that they are investing millions in their confidence in the South. Let us take railroad confidence for our guide and be so inspired by it that we shall pity the puny plaints of pessimists.

We must courageously and confidently meet all the requirements of the pressure of progress, and be brave and wise and philosophical enough to handle our problems when they may bother us at any time. Put a mighty muffler on the wail of woe and the whine of the whinny squad!

BRUNSWICK ON THE MOVE.

It is gratifying to notice the evidences of determined progress in Brunswick county, for it indicates that when the day comes that Brunswick and all the surrounding counties are developed according to their merits each will become vastly more important within itself and contribute marvelously to the growth and development of the dominating marketing city of Wilmington.

The Southport News of Thursday mentions under flaming heads that Brunswick has determined to eliminate illiteracy and that there is a live county movement for more and better farming throughout the county. The News announces that County Superintendent M. C. Guthrie has called a meeting for 11:30 o'clock next Saturday at Southport to perfect a county organization for the "Elimination of Adult Illiteracy" in Brunswick county, fostered by the State Department of Education. State Superintendent J. Y. Joyner, of Raleigh, has clearly outlined the object of the meeting and the plans and purposes of the movement are published so that the people may understand that they are joining in a State-wide movement for spreading intelligence throughout North Carolina.

The movement for banishing adult illiteracy from the State is rapidly gaining force, and momentum is given to it by State-wide organization, with the State department joining forces with the local departments in every county that organizes for the work. That is peculiarly encouraging and it augurs a new era for North Carolina.

As to the movement for better farming, meetings of farmers will be held in all portions of the county, beginning with the first week in August. The dates for the meetings will be as follows: At Supply, Monday night, August 2; Clements School House, Tuesday 11 A. M., August 3; Exum School House, Tuesday night; Mill Branch School House, Wednesday, August 4, 11 A. M.; Regan School House, Wednesday night, August 4; Cool Run School House, Thursday, August 5, 11 A. M.; Boon's Neck School House, Thursday night; Mt. Pisgah School House, Friday, August 6, 11 A. M.; Bolivia, Friday night.

All of this indicates that Brunswick is alive and that the forces are moving along two constructive lines for the development of what will some day be one of the greatest counties in the State.

A VERITABLE LAND OF PROVENDER

The Star had a regular stover exhibit yesterday by reason of the thoughtfulness and enthusiasm of Capt. Edgar D. Williams, who is demonstrating the forage producing possibilities of this section. He brought in and left at The Star office an exhibit embracing seven first-quality specimens of forage crops grown this season at "The Maples." Captain Williams has been experimenting with forage crops to ascertain which is the most adabtable to this section and the result is so puzzling that he has a problem on hand in deciding as to which of seven or eight forage crops to adopt as the main thing to grow on his residential farm on Central avenue, formerly but no longer known as the Market Street road.

Captain Williams has named his lovely place "The Maples," and in addition to his modern and elegant home there he has a background of sixteen acres of New Hanover soil wealth. It is on this land that he is proving how versatile and valuable are our lands in the diversity of their production.

The chief aim of Captain Williams is to live happily and bounteously at his suburban home, just half a mile from the street car junction with Seventeenth and Market streets. He has been proving to himself that on sixteen acres of land he can raise everything his family and the families of this help need in the way of vegetables and fruits, as well as crops to maintain a live-stock establishment of three horses, three cows, and a whole bunch of thoroughbred poultry. He produces all the corn, oats and forage crops to take care of six horses and cows and as many hogs as he cares to raise. All the animals are fat and sleek. They not only have all the corn and forage necessary to take care of them in prodigality, but there is enough of everything to sell as a surplus.

Forage is Captain Williams' long suit, and by means of his experiments his large barn is so full of last year's production that he has to bale it in order to make room for this year's wealth of provender. He will be compelled to sell hay and forage in order to make it easier on his commodious barn. That is how he has proved what can be done, and he daily marvels that farmers homeward bound from the city carry on their wagons and carts the less valuable hay and forage stuffs grown in the West and North. It makes him laugh.

As to the Williams-Morning Star exhibit, there is a four-foot bundle of alfalfa hay, the season's third cutting, with three more cuttings from the same land yet to come. At each cutting of alfalfa he gets four large wagon loads of hay from an acre. The crop gets better every year it grows on the same land.

The other forage specimens on exhibition are Japanese Pearl millet, nine feet tall; Brabham peavine hay, seven feet tall; Braham peavine hay, seven feet; Teosinte grass, six feet, eleven inches; Hungarian Golden millet, five feet, four inches; Japanese buckwheat, four feet, three inches.

All these forage crops grow luxuriantly and produce enormously, with from three to six cuttings during the long and ideally favorable seasons in this climate. Captain Williams says he hardly knows which, or whether all, of these luxuriant forage crops are the best, but he is stuck on alfalfa, to say the least, although he marvels at what all these grasses will do for farmers who will try them.

His first cutting of alfalfa was on the 14th of May, the second on the 3rd of June, the third on the 18th of July, and three more cuttings to be done between now and October. His other forage crops were soiled June 3, and within the 42 days every crop has yielded an astonishingly abundant harvest.

Besides these forage producers, Captain Williams early in the season reaped a fine crop of vetch and oats. Together with grazing the winter long and all the forage crops that are so wonderfully productive, he thinks this ought to be the greatest dairying portion of America. At any rate, Eastern North Carolina ought to shut out the Western and Northern hay that is uselessly brought into North Carolina from the sea to the mountains. He says cotton growing is not in it with New Hanover hay growing and live-stock possibilities.

The Orlando (Fla.) Reporter-Star asserts: "A newspaper is bigger than any candidate, no matter how big the candidate". However it is owing to whether the candidate is an individual with sufficient swag to buy up the support of the newspaper—in some instances ,at least.

THE STATE ENCAMPMENT PLACE.

The encampment of the Coast Artillery Corps of the North Carolina National Guard will begin at Fort Caswell, near Southport, next Monday and will continue ten days, in connection with the regular forces of the United States Army stationed at the fort. The order of the encampment will be artillery practice, drills, maneuvers, camp regulations, and other military features.

The companies which are to move on Fort Caswell will be from Wilmington, Raleigh, Charlotte, Hendersonville, Salisbury and Greensboro. Besides those companies, the Hospital Corps from Rutherfordton will attend the encampment.

This means a more efficient State military force and it is all in the order that was some time ago adopted. The whole aim is to give the State troops of the Coast Artillery Corps, the advantage of drilling, practicing and maneuvering with the regulars.

Fort Caswell offers advantages that cannot be had elsewhere in the State, both as an ideal camping place and particularly for the training that can be had at a regular army post.

FOR SANITARY PRISON CAMPS.

State Board of Health and State Road Commission Issue Plans.

(State Board of Health.)

The State Board of Health reports interestingly on the findings of a recent inspection of ten of the State's convict camps. Of these ten camps the number found without sufficient air was six; the number without bedbugs three; the number without furniture, three; the number without nightshirts, three; without two sheets, eight; without towels, five. Camps having all the prisoners vaccinated for smallpox were two, having all vaccinated for typhoid, two; having tubercular patients in camp, two. Even the best camps scored only 77 points, while the worst scored 39.3, the average being 56. The State farm at Tillery showed perhaps the poorest air conditions, the cubic feet of air space being at a dangerous minimum.

These facts show not only the unfavorable health and sanitary conditions that exist in the camps but the urgent need of a more efficient and sanitary management of the same. In other words there must needs be from a sanitary and health point of view, a remodeling of the State's prison camps. Consequently there has been made a study of the means and measures by which conditions in prison camp may be bettered and the life and health of the prisoners protected.

To this end a score chart, to be kept by the camp supervisor and to be reported bi-monthly to the State Board of Health, whereby camps may be scored and rated according to their several points or units has been carefully worked out. These units may be mentioned as location, air construction, water, food, nutrition, clothing, bed, bathing, sewage, vermin, flies and mosquitoes, smallpox, typhoid fever, syphilis, tuberculosis and religious exercises.

As this method of scoring presupposes a uniform system of housing and equipment for all State and county camps, plans and specifications of several model sanitary camps have been made under the direction of Dr. W. S. Rankin of the State Board of Health and Dr. Joseph Hyde Pratt of the State Highway Commission, with Mr. Frank K. Thompson, of Raleigh, as architect and engineer. These plans and specifications are now in the hands of the printer and in a few days will be ready for distribution. They will be furnished free upon request to any State or County Board of Commissioners.

The State Board of Health at the request of the Governor will, within the next 60 days, make a tour of inspection to a number of county convict camps to ascertain the health and sanitary conditions with which they are being maintained.

CURRENT COMMENT.

With one hundred and thirty-two teachers in attendance upon the summer school at Chapel Hill volunteering their aid in the moonlight school campaign, it looks as though adult illiteracy would ere long be hard to find in North Carolina. The cause is worth anybody's time and effort.—Charlotte News.

The people in the eastern counties are becoming interested in the matter of eradication of the cattle tick, and the farmers of Duplin county have made up a purse of $500 to go into the fund for the eradication campaign. Meanwhile, a dipping vat has been established and put in shape for business at Wilmington, so that cattle from any county can be sent to the market or dairy farm through that route. The dipping vat is the salvation of the dairy cattle. Heretofore, in nearly all markets in the State fine cattle have been sacrificed to the slaughter pen because they could not stand the inspection required by Government regulations. Dipped in the vats these cattle may be sold to any dairy or stock farm. One of the greatest obstacles so long in the way of the cattle industry in this State is thus removed.—Charlotte Observer.

Mind bears to mind its impressions. You remember the old story of the student whom the hazers are said to have frightened unmercifully when after blindfolding him and apparently jabbing him with a knife they let water drip into a basin, the student thinking he was bleeding to death. And in your own experience you know that if people whom you meet say you are looking fine, you feel better even if you are "complaing," and that when you are told you look sick you feel that you may get sick. Well, it's the same way in other things which affect the view of affairs. Take this from the Henderson Gold Leaf as an illustration: "A thoughtful, conservative Henderson business man estimates that from $200,000 to $300,000 worth of cash business was scared out of Henderson last fall and winter by the persistent "hard times talk' 'of Henderson business men to their customers over the counter and about the streets. A business man might as well advise his customers not to buy his wares as to talk 'hard times' to them." That is an example of the influence of presimistic talk. Suppose those merchants had indulged in cheery, bright, optimistic talk? Why, business would have been better. We have been told of a clerk discharged by a dry goods firm because he insisted on talking of trade being depressed by the war. Such talk hurts business. Right now there are people who without information talk about "hard times" when on all sides there are evidences of prosperity. The thing to do is to see things as they are ,to cut out blue talk, and do business. This country is in excellent shape. Conditions are improving straight along. Have an end to "calamity howling" and get your share of the opportunities which are offering themselves to those who will go after them. "The water's fine." Get in.—Raleigh News and Observer.

The Morning Star, of Wilmington, N. C., referring to some statements made in New York papers about the handling of cotton, says: "So far as the South generally is concerned, there is calm here over the prospects of moving cotton this fall, whatever the difficulties may be. Yet one who reads some of the New York papers would think that the South is about to lose its head and attempt to force the administration to do something desperate. There is too much horse sense in the South to think that the cotton growing and exporting interets possibly would conceive that by adding to the world's conflict it would help the cotton interests a little bit. * * * The thinking men of the South would only laugh at the absurd idea that the cotton interests could help their cause by compelling, under political pressure, any course of retaliation in behalf of cotton in the South, wheat and meat in the West, or anything in the North. The South is fully aware that this situation is one for diplomacy and not a matter for retaliation, a more or less puerile idea involving complications that would be more ruinous to the cotton cause than even present conditions and prospects possibly can be. The South may lose something on its cotton, but it will not lose its sense." The Star, with its usual good horse sense, is correct, but, unfortunately, there are in the South a great many politicians and some newspapers and some business men that are doing exactly what The Star says the horse sense of the South will prevent this section from doing. We have too much fool talk loose in the South, and such good horse sense as the Wilmington Star puts forth is not in evidence everywhere. If some politicians and some newspapers should be taken as the voice of the South, it would indeed be sad for this section, for they thoroughly misrepresent its best interests and would lead it to destruction. Would that every paper in the South could view the matter as sanely as The Star does in the editorial from which we have quoted.—Manufacturers' Record.

TO BEGIN WORK ON NEW BUILDING AUGUST 15TH

Three-Story Structure at Front and Princess Streets.

Mr. J. Irving Bear Accepts Plans of Mr. J. F. Leitner for Handsome Business Edifice—An Attractive Location.

Before making ready yesterday to leave today for a vacation of two weeks in the mountains of North Carolina, Mr. J. Irving Bear, owner of the valuable property at Front and Princess streets, formerly occupied by the Junction Restaurant, announced that he had accepted plans of Mr. J. E. Leitner, architect, for a handsome three-story building on the lot and that work on the new structure would begin on August 15th and be rushed to a rapid completion in time for occupancy as early in the fall as possible.

The new building will have two stores on the ground floor and the second and third floors will be occupied by the Tidewater Power Company as transportation offices, the second floor of the present building being now occupied for that purpose. It is understood that the Tidewater people have already secured temporary quarters for their transportation office, just across the street, until the new building is ready. Of the two stores on the first floor, one will be occupied by the French Millinery Parlors, which at present have show rooms with the Sterchi-Bancroft Co., on Front street, and the other store will be rented to one of a number of applicants who have already approached the owner regarding a lease.

Mr. Bear stated yesterday that the work of tearing away the present building would be undertaken on August 15th and that as soon after that date as possible, the new building would be erected. He will not let the contract but will personally supervise the building under a competent builder. The architecture of the building will conform to that of the larger three store building owned by Mr. Bear, at northeast corner of Front and Princess streets, and now occupied by the United Cigar Stores and sub-lessees. The front will be of handsome plate glass, corresponding to that on the corner and no expense will be spared to make the new building up-to-date in every respect.

WILL HAVE LANTERNS ALSO IN WILMINGTON NEXT WEEK

Decorations Along Suburban Line for Feast of Lanterns

The suggestion made by several Wilmington ladies that the electric lights along Princess street from Front to Third be enclosed in Japanese lanterns on next Thursday night, preceding the celebration at Wrightsville Beach, has met with general favor and will be carried out not only on that night but also on Friday night when the beach will be in gala attire. The suggestion has also been made that the houses and residences along the suburban lines be decorated with lanterns on Friday night. This would add greatly to the attractiveness of the display.

Mr. H. E. Bonitz, chairman of the entertainment committee, took up the matter of decorating the electric lights on Princess street yesterday with Mayor Moore and Councilman Bradshaw, in charge of the Department of Streets and Wharves, and both stated that they had no objection to having this done and that personally they wished to endorse it. The matter will be brought up before City Council Monday night and it is practically certain that the plan will be carried out.

The decorations at the beach will be quite elaborate. One of the cottages will be decorated in Red Cross design while another will be in the form of a Christmas tree. The Hanover Seaside Clubs will be decorated with patriotic colors.

With attractive rates by all the railroads leading into the city from nearby points it is expected that one of the largest crowds of the season will be present on this occasion. The event is being extensively advertised by the railroads and the Tidewater Power Company.

HANDSOME RESIDENCE SOLD

J. G. McCormick, Esq. Purchases Isadore Bear Property, Fifth Ave

One of the largest and most important real estate deals concluded in Wilmington residence property in recent months was the sale yesterday by Mr. Isadore Bear of his handsome home, No. 116 North Fifth avenue, to Mr. John Gilchrist McCormick, secretary and treasurer of the Acme Manufacturing Co., the consideration being in the neighborhood of $15,000.

The residence is one of the prettiest and most conveniently appointed in the city and is situated in a very desirable residence section of the city. The lot is 66x185 feet in size and the home is of nine rooms.

Wilmington people will regret to know that the sale of this valuable property means that Mr. Bear will remove to New Haven, Conn., where he will reside in future and where he is already engaged in business.

Mr. McCormick is to be congratulated upon the acquisition of this splendid property which will be one of the prettiest homes in Wilmington.

JUDGMENT IS WITHHELD.

Leonard Sterne Given Hearing Before Recorder Yesterday.

Leonard Sterne, the young white man who was recently recaptured in Norfolk after he had escaped from the county farm, was before the Recorder yesterday but judgment was not pronounced and he was sent back to the county farm, where he is now serving a sentence of one year on a charge of blackmail. Herbert Walker, colored, charged with disorderly conduct, was sent to the county roads for 30 days in default of the payment of a fine of $5 and the costs.

Julius Atkins and Buddie Grady, both colored, charged with similar offenses, failed to appear and capiases were issued for them. Arthur Warren, alias "White Rats," colored, charged with larceny, was found not guilty. L. K. Fonvielle, charged with an assault, was fined $15 and the costs. Frank Moore, colored, charged with gambling, was taxed with the costs.

TAKES AUTOMOBIBE TRIP

Joseph W. Little, Esq., Spends Several Days in Touring Robeson and Columbus Counties.

Jos. W. Little, Esq., returned early yesterday morning from a trip of several days through Brunswick, Columbus and Robeson counties in the interest of his candidacy for Congress from the Sixth district. He traveled in an automobile and had the opportunity of meeting quite a number of people. He stated yesterday that he felt very well pleased with the outlook and finds a growing sentiment in the district in his favor. It is his intention to make a thorough canvass of the district with the object of acquainting the people with the principles for which he stands.

He left Wilmington Tuesday morning in an automobile and passed through the northern part of Brunswick county, stopping at Acme and several other places en route to Whiteville. He spent the night in Whiteville and Wednesday morning went to Chadbourn and thence to Fair Bluff, where he found a large number of people in town, this being the opening sales day of the season for tobacco. He stated that the prospects generally for a good tobacco crop in that section are excellent.

Wednesday afternoon he went to Marietta in Robeson county and attended a meeting of farmers who had gathered to discuss with Mr. L. E. Blanchard, county farm demonstrator, problems of mutual interest. Mr. Little made a short address which was cordially received. He spent the night in Lumberton and Thursday morning went to St. Pauls. This was the day for the annual Sunday school picnic and reunion of the Confederate Veterans. The occasion was a very pleasant one and was attended by a large crowd of people from the surrounding country.

Proceeding by easy stages, Mr. Little visited Parkton, Shannon, Red Springs and thence to Maxton which he reached Thursday night. He left his automobile at that place and came back to Wilmington on the Seaboard train.

MUNSON IS RE-ELECTED.

Well Known Business Man President of Merchants' Association.

Mr. E. H. Munson, a well known business man of this city, was re-elected president of the Merchants' Association at the annual meeting of the organization which was held on the ninth floor of the Murchison building Thursday afternoon. Mr. Munson has served the organization very acceptably for two terms and his re-election for a third term is a high compliment to him. He has always taken a great interest in its affairs and has had much to do with its success.

Mr. Edwin Bancroft was re-elected vice president and the action of the directors in electing as secretary and treasurer, Louis Goodman, Esq., was ratified. Mr. Goodman is also secretary of the Bureau of Credits, having been elected recently to both positions to succeed Mr. Stuart R. Keyes, who resigned.

The directors of the Merchants' Association are Messrs. A. M. Hall, W. C. Peterson, William Oterseen, R. C. Cantwell, Jr., W. R. Yopp, J. M. Solky and Jesse F. Roache.

The present membership of the association is 56 and it was decided at the annual meeting to make a strenuous effort to increase it to at least 100. The details of a membership campaign will be arranged at a meeting of the board of directors to be held some time next week.

PENALTY AFTER TODAY.

Time for Paying Federal License Tax Expires Tonight.

Today is the last day special taxpayers dealing with Uncle Sam have upon which to pay the tax without penalty. A penalty of 50 per cent will be added to the original cost of the stamp if the taxpayer has been engaged in any business for which he is liable during the month of July.

There are two classes of special taxpayers at present. Those liable as retail or wholesale liquor dealers, dealers in oleomargarine, brewers and dealers in malt liquors pay the tax for a period of 12 months, beginning July 1, 1915, and ending June 30, 1916. The other class was made liable under what is called the emergency revenue act. This includes dealers in tobacco whose sales amount to over $200 per annum, proprietors of theatres, bowling alleys and pool rooms, brokers, commission merchants and manufacturers of tobacco, cigars and cigarettes as well as banking institutions. These pay the tax for six months, ending December 31, 1915.

Should the tax be renewed by Congress at the December session payment for an additional period of six months will then be required.

WORK ON ANCHORAGE BASIN.

Henry Bacon in Operation Day and Night on Cape Fear River.

During the past week the government dredge Henry Bacon has been put to work on the Wilmington anchorage basin in the Cape Fear river, beginning at a point nearly opposite the Clyde steamer docks and extending down the river to a point about opposite Alligator creek. This basin is designed to give an anchorage of sufficient depth and width to allow the largest steamers coming to this port to swing at anchor in the stream and had been completed previously to a depth of 24 feet.

The latest project is to a depth of 26 feet and the Henry Bacon is now at work to this end. The basin is approximately 4,000 feet long and of considerable width at that point in the river. The dredge is operated on day and night shifts and it is expected that about one month will be required to complete the basin to a depth of 26 feet.

SERVICE AT ST. JOHN'S

Archdeacon Thos. P. Noe Will Preach Tomorrow Morning at This Church

Archdeacon Thos. P. Noe, will conduct services at St. John's Episcopal church tomorrow morning at 11 o'clock. Rev. W. E. Cox, the rector, is now away on his vacation which he is spending on a tour of the western states.

Archdeacon Noe returned last night from Red Springs, where he spent several days. He conducted a baptismal service in the Episcopal church at that place Thursday night. He also attended several services of the union meeting, conducted by Rev. Walt Holcomb, of Nashville, Tenn., which closed this week. These meetings were largely attended and there were many professions and much interest manifested.

REAL ESTATE TRANSFERS.

County Commissioners Sell Property. Other Deeds Filed for Record.

The Board of County Commissioners of New Hanover county have sold a manufacturing site, 100x200 feet in size, located on the county farm near Smith's creek, to the Standard Supply Company. The consideration was $750 and it is stipulated in the deed, filed for record yesterday, that should the site be offered for sale within 20 years the county shall have the privilege of buying it back at the price for which it was sold. Other deeds filed for record yesterday were:

Isadore Bear and wife to J. G. McCormick, for $100 and other considerations, lot on east side of Fifth street, 66 feet south of Chestnut, 66x165 feet in size.

W. G. Woodcock, agent, to L. B. Woodcock and wife, for $100 and other considerations, lot on north side of Perry avenue, 132 feet east f 18th, 33x 113 feet in size.

R. H. Northrop and wife to Thos. H. Wright, for $50 and other considerations, lot on north side of Orange street, 75 feet east of Tenth, 30x37.5 feet in size.

James W. Bailey and wife, of Suffolk, Va., et al., to Henry B. Bailey, for $1 and other valuable considerations, lot on north side of Walnut street, between Third and Fourth, 40x80 feet in size.

SAYS EATING OF BEANS CURED HIM OF PELLAGRA.

Mr. A. F. Blizzard, of Wilmington, States He is Free of Disease.

That the eating of beans cured him of pellagra is the statement of Mr. A. F. Blizzard, No. 1103 South Eighth street, who called at The Star office yesterday. He is a member of the street force of the city of Wilmington and appears to be hale and hearty. He says that he was first attacked by the disease about six years ago and that he was treated by a number of Wilmington physicians without deriving any relief. At that time little was known of the nature of the disease.

About one year ago Mr. Blizzard says he noticed in a government publication that eating beans would cure the disease and that he determined to try this. Since that time he has taken no medicine nor has he been troubled with the disease.

He is a native of Bladen county and is greatly interested in the campaign which it is planned to wage in that county against the disease which is said to be rapidly spreading in that section. Mr. Blizzard wishes to recommend the bean cure as he believes it will be of great help.

Touring to Mountains

Messrs. S. M. Boatwright, W. M. Atkinson and R. E. Calder compose a congenial automobile party who are on their way to Blowing Rock, N. C., to spend some time in the mountain country. They left Wilmington Friday morning and by early afternoon had reached Maxton, N. C., making the trip by easy stages in Mr. Calder's touring car. They left Maxton the same day and are doubtless by now on the last lap of a most interesting trip.

Gattis Touring Party

Mr. R. S. Haddock, of this city, is in receipt of a souvenir card from his brother, Capt. J. S. Haddock, in charge of the Gattis tourist train which left the State the latter part of June for the Panama Pacific Exposition, stating that the party was returning and would reach Raleigh today, after a most delightful journey. Capt. Haddock leaves with another party of tourists for the West on August 1st.

Insane Man Lodged in Jail.

Joe Thomas, colored, was lodged in the county jail yesterday because of insanity. When Policeman A. L. Long went to the home of the negro, No. 606 McRae street, he found him tied to the bed, this being the only way the occupants could keep him from running away.

AUTO AND BUGGY COLLIDE

Mr. Arthur Branch Was Driving Machine—Several Persons Hurt in Accident at Edgewood.

Several persons were painfully though not seriously hurt on the Shell road at Edgewood, a suburb of Wilmington, when Mr. Arthur Branch, who, with Mrs. Branch in his automobile, was en route to his summer home at Masonboro Sound, collided with a buggy last night about 10 o'clock. The accident happened on the road between the residences of Messrs. J. T. Sholar and W. J. Reaves, and the injured persons were taken to the home of the latter until they could secure a conveyance to the city.

Mr. Ralph Sholar stated last night that both the buggy and machine were badly broken up and had to be left on the road. The horse which was hitched to the buggy was also badly hurt. Little information could be obtained early this morning as to how the accident occurred. According to reports, there were two ladies and a gentleman in the buggy, but their names were not known to Mr. Sholar. Mr. Reaves could not be reached last night, as he has no telephone.

Mrs. Branch was badly shaken up as a result of the collision, but was able to go to her home.

Mr. and Mrs. Branch were going towards Masonboro, while the buggy was coming towards Wilmington. It seems that the horse shied around, causing Mr. Branch to run into the buggy. The occupants were thrown out and suffered severe bruises.

PREPARING FOR ENCAMPMENT

Advance Detail of 24 Men Went to Fort Caswell Yesterday Morning

The advance detail of four men each from the six companies o fthe Coast Artillery Corps went down to Fort Caswell yesterday morning on the steamer Wilmington to make the necessary preparations for the annual encampment which begins Monday morning and will continue for ten days. The men detailed from the Wilmington Light Infantry are: Corporal A. B. Rhodes and Privates G. W. Smith, W. M. Shaw, and J. S. LeMoyne. The detachment is in command of Quartermaster Captain Page, of the Greensboro.

The companies which attend the encampment are as follows: Wilmington, Raleigh, Greesboro, Salisbury, Charlotte and Hendersonville.

THREE BIG CATCHES.

Carolina Fish and Oil Company Now Running Factory on Cape Fear.

Three big catches of fish, aggregating more than 1,200 pounds in weight, have been made this week by the Carolina Fish & Oil Company, operators of the factory on the lower Cape Fear for the manufacture of fertilizer materials. This factory was formerly owned by the Carolina Coast Products Company, which last fall went into the hands of a receiver. Capt. J. F. Bussells bought the factory at the public sale some time ago and organized the company which has taken over the plant.

Loading Veneering Woods

The Baltimore and Carolina steamer was at the wharf of the Acme Tea Chest Co., yesterday, loading part cargo of veneering woods from the plant opposite Chesnut street dock. On a former trip she also loaded part cargo of a similar product. This wood is shipped to Baltimore and then transshipped to Glasgow, Scotland, the home office of the Acme people.

MORE HOT WEATHER.

Thermometer Registered 92 Degrees Yesterday—To Continue Warm.

Wilmington is still having hot weather, though the thermometer has not reached the high stage it did several weeks ago nor it is as not as in the interior. The maximum yesterday was 92 degrees, while the minimum was 76 degrees. The mercury took a decided drop toward the close of the day, and at 8 P. M. it registered only 81 degrees.

There was a delightful breeze from the south, which made it quite pleasant.

Observer Felger said yesterday that he expected but little change in the weather for today, and that the present warm spell would continue for several days yet.

—A large and handsome illuminated electric sign has been installed in front of Northam's Book and Stationery Store on Princess street, near Front, which has attracted much attention. The sign was put up several weeks ago.

War Surgeon Dressed to Prevent Infection.

This is a British physician in the field ready for work. The British have learned as did the Germans long ago that extreme care must be taken to prevent infection of wounds. So careful are the surgeons that the rubber gloves are used only once. The nurses do not touch them in handing them to the surgeons, but use a pair of tongs, sterilized.

TRADE AT HOME

Give the Local Merchant the benefit of your trade, and by so doing keep money at home.

No community can prosper by foreign buying.

The secret of community prosperity is to sell more to the outsider than the outsider sells to us, thus making the trade balance run in our favor.

This policy brings in more wealth than goes out, and constantly adds to local resources.

It makes better business, higher wages, and a more prosperous community.

We are interested in any movement that looks to local improvement, and recommend the Buy at Home Policy for the general good.

SURPRISE WEDDING IN LUMBERTON THIS WEEK

Thursday's Lumberton Robesonian has announcement of the marriage of Miss Emma Spivey and Mr. W. F. Livingstone, brother of Mr. John A. Livingstone, city editor of The Morning Star, reading as follows:

"A surprise wedding took place Monday night at 11 o'clock at the home of Mr. and Mrs. A. E. Spivey, Chestnut street, when their adopted daughter, Miss Emma, became the bride of Mr. W. F. Livingstone. Rev. Chas. L. Greaves, pastor of the bride, officiated. The wedding was a quiet affair, only a few close friends of the bride and groom being present.

"The bride is very popular among the young people of Lumberton. The groom is a son of Mr. W. W. Livingstone, who lives near St. Pauls. He came to Lumberton some months ago to learn newspaper work and has been working for that purpose at The Robesonian office. He has made many friends here who wish for him and his bride all happiness and prosperity."

PERSONAL PARAGRAPHS.

—Friends of Mr. W. F. Richter, will regret to know that he is confined to his home No. 609 Ann street, by illness.

—Mr. and Mrs. Fred Savage, Mr. and Mrs. J. J. Johnston and families have gone to Carolina Beach to spend several weeks.

—Hon. John D. Bellamy, district counsel of the Seaboard Air Line at Wilmington, left yesterday afternoon for Savannah, Ga., where he will attend today the meeting of employes and officials of that road.

—A. J. Marchall, Esq., of the Wilmington bar, his friends will regret exceedingly to learn, is critically ill at the home of his friend, Mr. E. L. Sleeper, near Castle Haynes. Mr. Marshall went to the country about a week ago with the hope the open would benefit him, but he has been growing worse since and his condition is thought to be critical.

To the pier and back, Steamer Wilmington leaves Sunday evening at 7:30 Fare 15 cents. —Advertisement.

WRIGHTSVILLE BEACH

Yesterday's Greensboro News: "Miss Kate Hanner, of Ashboro, was in the city a short time yesterday while en route to Wrightsville Beach."

Rev. Dr. J. M. Wells, pastor of the First Presbyterian church, will preach at Wrightsville Beach in the chapel at Station Two Sunday evening at 8:30 o'clock.

Lumberton Robesonian: "Mesdames A. Nash and C. B. Skipper and Misses Theresa Patterson and Ina Higley left Tuesday for Wrightsville Beach, where they will spend several days."

Yesterday's Fayetteville Observer: "Mr. Jack H. Dewey left this afternoon for Wrightsville Beach. He will join Mr. J. F. Harrison there for a stay of a week or ten days."

There were 75 people who came yesterday on the Seaboard from Atlanta and other points in Georgia and Alabama to spend a week or ten days at the beach. Three extra Pullmans were attached to the regular train which arrived shortly after noon.

Archdeacon Thos. P. Noe will hold a communion service at the Girls' Friendly Society holiday house on the Northern Extension near the Oceanic Hotel tomorrow morning at 8 o'clock. Visitors and residents are cordially invited to attend the service.

Several days ago a schooner was reported off the beach and there were a number who watched it with much interest. It did not remain long on the horizon, however, although reports were current yesterday that a big four-master was cruising up and down the coast, which, however, proved to be unfounded.

The open air theatre at Lumina will show tonight "The Revenue Agent," an Essanay picture, dealing with the trials and tribulations of a moonshiner in which the noted star, G. M. Anderson, plays the title role, a Vitagraph comedy entitled "Mr. Jarr Visits His Home Town," and "The Honor of the Camp," a Western drama by the Selig company, complete the programme.

This will be balloon night at Lumina and those who have been present on similar occasions in the past know that it will be a pretty affair. As the couples are dancing hundreds of tiny balloons will be tossed from the balconies, making a pretty effect. The music by the Don Richardson orchestra will add much to the enjoyment of the occasion.

Mrs. H. Mosley Hussey, formerly of this city, now of Wilson, was charmingly entertained by friends at the Carolina Yacht Club Thursday afternoon. Among those in the party, in addition to Mrs. Hussey were Misses Elizabeth Price, Nannie Watters, Mary Hayden and Mrs. Mary Harper Darby. Mrs. Hussey has been visiting friends at the beach and in Wilmington, but will return to Wilson today.

Yesterday's Charlotte Observer: "Miss Alma Oates left yesterday afternoon for Wilmington to spend several weeks as the guest of Mrs. Herbert Thompson Jr. Mrs. Thompson and Miss Oates will spend a few days at Wrightsville.——Mrs. S. B. Alexander, Jr., and daughter, Miss Mary Brevard Alexander, arrived home Wednesday night after spending three weeks or more at Wrightsville Beach. Miss Violet Alexander has decided to remain at the coast a while longer."

Arrivals at the Oceanic Hotel yesterday included Mrs. S. McKinnon, Ellerbee, S. C.; Miss A. Widdersheim, Mrs. L. Bridges, Mrs. A. Cobb, Mrs. E. Leary and Mr. and Mrs. W. E. Talley and family, Atlanta; Mrs. W. S. Etheridge, Macon, Ga.; Mrs. W. A. Lane and children, Miss Mabel Lane, Miss Ruth Russell, Monroe; Mr. and Mrs. R. W. Woods, Chas. Joel, C. B. Joel, Jr., C. S. Compton, Athens, Ga.; A. W. Gordon, W. C. Shirey, G. K. Letsen, Birmingham, Ala.; Maynard Sanders, Gainesville, Ga.; Mr. and Mrs. Wm. M. Marks and family, Montgomery, Ala.; J. W. LaMotte, Baltimore; W. I. Smith, Grand Rapids, Mich.; E. J. Powers, New York; Mrs. H. V. Matthews, Atlanta.

DIXIE NIGHT AT LUMINA WAS ENJOYABLE EVENT.

It was Dixie night at Lumina last evening and the hundreds of visitors to this popular pavilion were delighted and charmed with the occasion. The pavilion was beautifully decorated with Confederate flags draped attractively over the orchestra shell and over the center of the dancing floor. Don Richardson's orchestra played patriotic airs and none were more enthusiastically applauded than that of "Dixie," the march that grows in popularity with each succeeding year.

Gen. James I. Metts and Mrs. Paul Cantwell led the grand march. The souvenirs were dainty silk Confederate flags mounted on tiny sticks. The event was in every way an enjoyable affair.

MID-SUMMER ATHLETICS TODAY'S LUMINA FEATURE.

All arrangements have been completed for the seventh annual mid-summer athletic meet at Lumina this afternoon, beginning at 4 o'clock and the event promises to attract not only a large number of participants, but spectators also. The events are open to all amateurs and there is no entrance fee.

The list of events includes 100-yard dash for athletes under 110 pounds, over 110 pounds to 135 pounds, and 135 pounds and over; running broad jump under 110 pounds and 110 pounds to 135 pounds; shot put, 12 pounds, 135 pounds and over; sack race, under and over 110 pounds; wheelbarrow race, open to all; 220-yard dash, under and over 110 pounds; swimming race, under and over 110 pounds and a canoe race through the surf. The prizes in each of the events are: First prize, five round trip tickets to the beach; second, three round trip tickets, and third, one round trip to the beach.

Those winning events at previous meets this season will be handicapped 1 per cent, in similar events at this and subsequent meets this season, (canoe events excepted). Following is the present handicap standing: Morgan Fenley, handicap one yard in 100-yard dash, under 110 pounds; Calvin Wells, handicap one yard in 100-yard dash, 110 to 135 pounds; Robert Snakenburg, handicap one yard in 100-yard dash, 135 pounds and over; Morgan Fenley, handicap two inches in running broad jump, under 110 pounds; Charles Jones, handicap, two inches in running broad jump, 110 pounds and over; Houston Merritt, handicap one per cent, sack race, under 110 pounds; William McIntire, handicap one per cent, sack race, 110 pounds and over.

The results in the canoe event of this meet counts in the series for the season. Following is the present standing of the contestants in the series: Robert Davis, 7 points; William Lord, 7 points; William Parsley, 5 points; George Clark, 4 points. Canoe and swimming races (date to be announced).

NO MEETING OF BOARD.

County Commissioners Meet for Their Monthly Session Monday Afternoon.

There was no meeting of the Board of Equalization yesterday afternoon, nor will there be a meeting this afternoon. The members of the Board are the County Commissioners, and the regular meeting of the latter board for August will be held Monday afternoon.

The work of equalizing the assessments of property for taxes has not yet been completed, and it is likely that the matter will be discussed at the meeting of the Board of County Commissioners Monday afternoon.

Young Women Should Get the Young Men to Go to Church

YOUNG women should GO TO CHURCH.

It is only fair to state that most young women do GO TO CHURCH. Clergymen are free to say that without the women the churches soon would die. But there are some young women who are disposed to treat lightly the GO TO CHURCH movement. If there is a social gathering the night before the Sabbath day they are loath to get up in time for divine service the following morning. They insist on their beauty sleep. They think more of their physical beauty than they do of their spiritual beauty. And yet beauty of soul is conducive to beauty of face. Beauty of soul means happiness. Happiness means both health and beauty.

THE YOUNG WOMEN OF THIS LAND ARE A TREMENDOUS POWER. IF THEY GET BEHIND THE GREAT GO TO CHURCH MOVEMENT AS THEY SHOULD THE PERSON WHO DOES NOT GO TO CHURCH WILL BE RARE INDEED. A YOUNG MAN EXPECTS, IN FACT OFTEN INSISTS, THAT THE YOUNG WOMAN WHOM HE HOPES TO MAKE HIS WIFE SHALL ATTEND CHURCH. IT IS ONLY FAIR THAT THE YOUNG WOMAN MAKE THE SAME EXACTION FROM THE YOUNG MAN WHO IS PAYING HER ATTENTION. A SPLENDID IDEA, IF IT COULD BE WORKED OUT, IS TO GET THE YOUNG WOMEN OF THE LAND TO SNUB THE YOUNG MEN WHO DO NOT GO TO CHURCH. THE CHURCH SOON WOULD BE FILLED WITH YOUNG ZEALOTS.

It is perfectly plain that the GO TO CHURCH movement can be made a great deal stronger by the united support of the young women of the land. There are thousands of noble young women who are veritable pillars of the churches in America. There are others who have grown careless. It is to these this appeal is made. Get back in the fold.

GO TO CHURCH Sunday, young woman! Bring your young man with you!

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

The finest silk that Switzerland sends here is used to sift Valier's Dainty Flour to impalpable fineness. That's why Valier's Dainty baking is always so light and fine.
It is milled slowly to retain full baking quality of the flour and sifted through silk to get fineness. Sometimes it costs a trifle more by the sack, but always it costs less in use, because it makes more baking.

HELPLESS AS BACY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the womar's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

COTTON SUSTAINED A LOSS

Opening Prices Reached Highest Level But Later Dropped to Most Important Decline Since Monday.

New York, July 30.—Not only did prices in the cotton market today reach their highest levels of the week when October sold at 9.48 shortly after the opening, but they also sustained the most important decline since last Monday, the reaction extending to a matter of about 22 points from the high figures of the morning, due to faint predictions that the drouth period in the Southwest was about to be broken. The close of the market was steady with prices unchanged to 8 points net lower.

The official government forecast of partly cloudy weather in East Texas taken in connection with a low barometer over Arkansas, furnished the principal grounds upon which bears based their hopes of a change in Southwest weather conditions. That prices should decline over 20 points on so slim a hope showed how extremely sensitive the market is at the moment to the Texas situation. It has been led to believe that very serious deterioration is probable in that state without a speedy relief from the drouth, and that the eastern belt is also beginning to suffer from a lack of moisture, to which has been added in the last two days, an increase of high temperature. From all parts of the belt, however, the impression has also been given that satisfactory conditions may easily be restored with any good rainfall in the next week, and it was on the hope that today's map pointed towards such an outcome, that a good deal of the selling by New Orleans, stock exchange houses and home traders occurred.

Futures closed steady:

NEW ORLEANS COTTON.

Price Dropped Almost a Dollar a Bale From Opening Price.

New Orleans, July 30.—After an initial rise of 8 to 9 points the cotton market turned easy today and fell the larger part of a dollar a bale under private reports of rains in the belt, especially in Texas. While the rain reports could not be confined they had full effect on prices which, at the lowest, were 9 to 10 points under yesterday's last figures. The close was at a net loss of 8 to 9 points.

The market had a good tone around the opening and much bullish comment was aroused by a private report on condition showing a loss of over three points for the month. The first report of rains started a profit taking movement among longs and offerings quickly increased until they exerted pronounced pressure on the market.

The rise in the early trading was partly based on the dry weather map and conditions of unfavorable effect of the drouth on the crop.

Cotton futures closing: October 9.11; December 9.36; January 9.48; March 9.69; May 9.89.

Spot cotton steady, unchanged; middling 8.69; sales on the spot 295 bales; to arrive 1,580.

LESS SPECULATION IN WARS

Traders Proceeded More Cautiously and Outside Demand Fell off—Greater Part Large Gains Retained

New York, July 30. —Trading in the stock market today was characterized by less speculation in war issues. Yesterday's violent reaction caused traders to proceed more cautiously, and the outside demand fell off. The instability of these stocks at the high level established for the week was shown by their erratic fluctuations today. Nevertheless, they retained the greater part of their recent large gains. The volume of business diminished from the exceptional figures of the two proceeding days.

At the opening efforts to resume the upward movement met with temporary success. On the early rise there were gains of six points in Bethlehem steel, 8 1-2 in Crucible steel, 9 in American coal products and 3 or four points in Republic steel, Allis-Chalmers, Westinghouse Electric and others. The changed attitude towards these shares however was shown quickly.

As the position of the industrials became more uncertain, the railroads began to come to the fore. The demand for these stocks increased and a number of substantial advances were achieved.

Foreign exchange rates on all centers showed declines today. Strength developed in the bond market, and material advances were recorded among convertible issues. Total sales par value, $3,600,000.

United States bonds unchanged on call.

WEEKLY COTTON REVIEW SHOWS UPTURN IN PRICES.

Leclanaw Incident Afforded Scare Which Was Later Overcome.

New York, July 30.—The week in the cotton market began with a scare over the report that an American freight steamer had been sunk by a submarine which carried prices down to 8.92 for October, or within 17 points of the lowest for the month and only 22 points above the season's lowest figure. Sentiment was promptly reassured, however, by further reports to the effect that the incident was not likely to result in serious complications, and a return swing began which did not reach its climax until towards the close of the week when October on Friday morning sold at 9.48 and December at 9.75, or an almost perpendicular rise of over $2.50 per bale.

The basis for this pronounced upturn was primarily a much over-sold condition of the market resulting from the break on Monday coupled with increasing apprehension regarding crop conditions over the belt, but particularly in Texas where drouth is said to have become more serious. The alarm was intensified by a return of high temperatures in the Southwest which only aggravated the effects of the drouth and also by the fact that the central and eastern belts, which hitherto have been fairly exempt from crop damage news, began to utter complaints about a similar need of moisture and a growing tendency towards excessive temperatures. A strong movement in the stock market inspired heavy Wall Street support in cotton and there also was buying for foreign account and by the South.

This continued until about midday Friday, when an official forecast for partly cloudy weather in East Texas and the presence of a low barometer over the southwest created an impression that the drouth was about to be broken, which started a vigorous selling movement that resulted in upwards of 20 points decline from the highest of the week. Several private condition reports were received during the week, ranging from 76.7 to 79.2 and the idea prevailed that the government report on Monday would show a loss of about three points.

WEEKLY BUSINESS REVIEW

Continued Industrial and Business Improvements Is Reported

New York, July 30. —Bradstreet will say:

"Activity in iron and steel, continued improvement in industrial operations, diminished idleness, a quieter labor situation, a steady flow of orders for munitions of war, ease in money, some improvement in collections, fine crop news and growth in optimism as to excellent business this fall, stand out in marked contrast to reports of mid-summer quiet in trade circles and of slackness in industries not depending upon war orders. The crop movement is later than normal, and exports of wheat are still small. Although fall buying has not really opened, some northwestern centers report gains in this respect. Retail trade, helped in some places by clearance sales, have been checked by wet weather at the west and southwest and on the whole it is possibly below normal. Activity in machinery for domestic and foreign account is reflected in overtime work at plants.

Bank clearings for the week $3,025,427,000, a decrease of 7 percent from last week.

MOUNTAIN PEOPLE ARE IN FIRST CLASS SHAPE

Doughton Takes Optimistic Message to Washington.

Congressman Says People Are With Wilson, But They Expect Him to Keep Us Out of War With All Countries.

(Special Star Telegram.)

Washington, D. C., July 30.—Business is in tip-top shape; the farmers are getting more money for beef cattle than ever before; the hay crop is good, and the political situation never looked better for the Democrats, according to Representative Doughton, who came to town today to look after some interesting matters for his constituents.

"We are getting better prices for beef cattle, sheep and wool than ever before, and we are making a fine hay crop," said Mr. Doughton. "Our people are in first class shape."

Mr. Doughton was asked if any opposition to him had developed. "I have not heard of any," said he. "The situation looks good at this time. The Republicans are not saying much, and the Democrats are well satisfied with President Wilson. The people, generally speaking, are with the President, but they expect him to keep us out of war with Germany and all other countries."

Mr. Doughton said he saw several Congressman from the West today and all of them had encouraging reports.

Congressman Doughton, "Honest Bob," as his friends call him here, is one of the hardest workers in Congress. There is a standing offer to buy any man a hat who will find a congressman at his office before Mr. Doughton gets there. The only man who beats him to the House Office building, when Congress is in session, it is said, is the watchman who comes on duty at midnight.

Bids for the Charlotte postoffice will be advertised for at once and will be opened September 7. Either limestone or sandstone will be used. The appropriation calls for $250,000. P.R.A.

PENETRATE ENGLISH FRONT.

Bombarded by Enemy North and South of Hooge.

London, July 31.—The following official statement was given out by the British war office Friday night:

"This (Friday) morning, the enemy began a bombardment of our trenches north and south of Hooge (east of Ypres, Belgium) and followed this by an attack with flame projectors delivered chiefly against the trenches recently captured by us at Hooge. By this means the enemy succeeded in penetrating our first line trenches on a front of about 500 yards. The fighting is still in progress."

PRAYERS FOR VICTORY

Special Services in German Catholic Churches Sunday

Berlin, July 30. (by wireless to Sayville)—Cardinal Von Hartmann, Archbishop of Cologne, has ordered the holding in all churches of his diocese, of special services and prayers next Sunday thanking the Almighty for the powerful blessing accorded German arms in their many battles and praying for His assistance in helping to bring about an early and unsctring victorious peace.

The services will close with a special prayer prescribed by Poupe Benedict.

GERMAN SCHOONERS SEIZED.

Interned Vessels Held on Libel Actions to Recover Money.

San Francisco, July 30.—Two German schooners, the Neptun and the Atlas, interned in Oakland harbor since the commencement of the European war, were seized today by James B. Holohan, United States marshal, upon libels for $19,589 and $3,.98, respectively, issued by the United States District Court. The vessels were owned by the Jalult Gezellschaft of Hamburg, Germany. The libel actions were commenced by Williams, Dimond & Company, to recover money they advanced for the crew's wages and for maintenance.

WOMAN BEATEN AND HACKED TO DEATH IN [illegible]WN HOME

Negro House S[illegible] Arrested on Suspicion

Murphysboro, Ills., July 30.—Mrs. James H. Martin, 45 years old, wife of a lawyer, was beaten and hacked to death with a hatchet in her home here this afternoon. Joe DeBerry, a negro house servant, who recently was paroled fom the state reformatory to Mr. Martin, was arrested. A mob formed near the jail and the sheriff spirited the prisoner away inan automobile. An attempt to jail the negro at Marion, Ills, was abandoned because another mob was waiting there. Finally the sheriff found haven for his prisoner at Harrisburg.

Officers found a shirt and over-alls in DeBerry's room, they said, with stains that looked like blood. A blood-marked hand-axe was found in the yard of the Martin home. DeBerry denied knowledge of the crime.

KILLS YOUNG WIFE, THEN SHOOTS HIMSELF TO DEATH.

Mrs. Edwin A. Moore Shot by Husband at Home of Her Parents.

Atlanta, Ga., July 30.—Edwin A. Moore, formerly a private in the United States army, tonight shot and instantly killed his 15-year-old wife at the home of her parents here and then killed himself. Mrs. Moore recently had left her husband after a quarrel.

The Hague, Netherlands, July 30.—Via London, 6:52 P. M.—The new Dutch landsturm bill was adopted by the first chamber today and became a law. The measure provides for an eventual increase in the total trained soldiers of Holland to approximately 550,000 officers and men instead of 330,000 who are now under arms.

PRESIDENT RECEIVES PROTESTS

Against Government Officials Making Investigation of Disaster

Cornish, N. H., July 30.—President Wilson today received from friends of persons drowned in the Eastland disaster, protests against having persons connected with the steamboat inspection service make an investigation of the disaster for the Federal government.

The President was told that it would be fairer to have men not in the federal service conduct the inquiry. Several of the protests were from organizations to which victims of the disaster belonged. The President has entrusted the Federal investigation to Secretary Redfield and has urged that it be made as thorough as possible. The protest possibly will be referred to Mr. Redfield.

CARR MUST ALLOW COOK TO SHARE SIDE TRACK

Corporation Commission Decides Coast Line Case.

(Special Star Correspondence.)

Raleigh, N. C., July 30.—In a ruling made today in a case against the Atlantic Coast Line, involving a side track between Magnolia and Warsaw, the Corporation Commission hold that a party for whose specific benefit a siding was put in, cannot hold up its use for any other patron of the road where the siding is on the right of way of the railroad company. In the case just decided the Atlantic Coast Line put in some years ago a siding for E. McH. Carr, lumberman, Carr providing the cross ties and paying the cost of the labor in installing the track.

Recently, A. B. Cook, a rival lumberman, has called on the Coast Line for side track facilities, and the demand has been made by the railroad company and Cook that there be merely an extension of the Carr siding that would give facilities for both lumber plants. Carr strenuously opposed this, insisting that his is an exclusive track, put in largely at his own expense and under special contract with the railroad company.

The Corporation Commission, in disposing of the case, holds that the contention of Mr. Carr is unreasonable and that Cook must be allowed to share the siding, when he shall have paid over to Carr one half of the expense he incurred in the construction of the siding, and shall have provided the cross ties and work for installing an additional car length of siding to accommodate the cars placed thereon for him to load.

The commission lays down the principle that it is necessary to keep to a minimum the number of "cut-ins" in main lines or railroad, as each of such "cut-ins" constitutes an additional possible menace to life and traffic. For this reason siding patrons of railroads cannot be permitted to stand out for unnecessarily numerous and individual sidings, but must share sidings with a view to reducing to the fewest possible number these dangerous breaks in main line trackage.

JAPANESE CABINET TENDERS RESIGNATION TO EMPEROR.

Premier Okuma Will Likely be Asked to Retain His Post.

Tokio, July 30.—The Japanese cabinet, headed by Count Okuma, as premier, has tendered its resignation to Emperor Yoshihito. This action followed the resignation yesterday of Viscount Kanetake Oura, minister of the interior, following an investigation by the minister of justice into bribery charges resulting from the parliamentary elections last March.

After receiving Count Okuma, the Emperor summoned the elder statesman for a conference. They will meet tomorrow . . . it is considered possible they will advise that Count Okuma be invited to retain the office of premier and reconstruct the cabinet.

AUSTRIAN ATTEMPTS FAIL

Effort to Recapture Island of Palagosa From Italians Unsuccessful

Rome, Italy July 30—via Paris—An attempt was made by a squardon of Austrian cruisers and a flotilla of torpedo boat destroyers yesterday to recapture the Austrian Island of Pelagosa, in the Adriatic, which was occupied by Italian naval forces last Sunday, according to an official communication issued today by the Italian ministry of marine.

The attack was repulsed, the statement adds, and some members of the Austrian landing party were forced to swim to their ships. The Italian casualties were given as two men wounded.

They reported all business in Torreon at a standstill and the poorer classes financially unable to purchase even the meager available stock of corn and other cereals. The hospitals are filled with wounded soldiers.

Skirmishing continues near Icamole, but other than that casualties are heavy on both sides. Little war news was obtainable from passengers or in official quarters in Nuevo Laredo.

GEN. ROLES BOUND OVER

Former Huerta Army Officer Given Hearing on Conspiracy Charge

El Paso, Texas, July 30.—General Alesio Ysobel Robles, a former Huerta army officer, waived preliminary hearing toda ybefore a United States commissioner on a charge of conspiracy with General Huetria and others to violate American neutrality laws. He was bound over for the San Antonio federal grand jury December 20 and furnished reduced bond of $750.

SPECIAL MEETING OF STATE FIREMEN NEXT MONDAY NIGHT

Commissioner Young Wants More Business and Less Play.

(Special Star Correspondence.)

Raleigh, N. C., July 30.—An arrangement has been made through the efforts of Commissioner of Insurance James R. Young for a special meeting of the members of the North Carolina Firemen's Association Monday night in Newbern, the eve of the opening of the State Firemen's tournament, to discuss in a practical and business-like way the conditions in this State as they bear on fire fighting and fire insurance and discuss ways and means of improving the conditions. Commissioner Young is very much interested in inducing the firemen of the State to resolve their association more into a practical business organization and less devoted to the demonstrative and tournament features that have dominated in past years.

WILL BE TREATED AS OTHER APPLICANTS FOR ADMISSION.

Interned East Indian Seamen May be Admitted, if Eligible.

Washington, July 30.—Instructions were issued today by immigration officials to the inspectors at Charleston, S. C., to treat the East Indian seamen on the German steamer Liebenfels, lying in port there since last August, like any other persons applying for admission.

The sailors recently demanded of the local immigration authorities that they either be admitted to this country or sent back to Calcutta.

Under the practice of the immigration service, the sailors may re-ship on another vessel, or, if eligible, may be admitted to this country. If they desire to re-ship, they would be permitted to land temporarily but upon engaging in another employment possibly would be arrested.

WILL PERMIT IMPORTATION.

Great Britain Will Allow German Sugar Beet Seed to Reach America.

Washington, July 30.—Conditional assurances were received today from Great Britain that importation of German sugar beet seed to plant the next year's American crop will be permitted as a result of informal negotiations by the State Department. Each shipment will be considered by British officials on its merits and will not be molested if three conditions imposed by Great Britain are met.

It must be shown that the seed is available for purchase only in Germany; shipments must be made from neutral ports only and there can be no exchange of American commodities with the German exporter.

The agreement is expected to give American sugar beet farmers an adequate supply of seed, which is produced only in Germany.

WILL TOUR SOUTH.

Russian in America in Interest of Shipping Cotton Direct.

New York, July 30.—Among the passengers arriving today was Samuel Glushanok, of Windau, Russia. He is the official representative of the Moscow-Windap railway and the cotton manufacturers of that district.

Mr. Glushanok will confer with members of the cotton exchange and leading cotton exporters regarding a possible means of shipping large quantities of cotton direct to Russia without reference to either Germany or Great Britain. He will tour the South for conferences with cotton dealers.

NEW REGISTRATION ORDER.

Masters and Sailors on Neutral Ships in England Must be Identified.

Washington, July 30.—Consul General Skinner at London today notified the State Department of a new British registration requiring masters and sailors on neutral ships visiting British ports to be provided with passports or identification papers and to present such paers for registry if remaining more than 24 hours in British waters.

A large roportion of the crews of American ships are neither native Americans nor naturalized Americans and can not receive passports from the United States. That presents a difficulty which may be an embarrassment to American trade. It was explained that the order is aimed at German spies.

EXPECTED NEXT WEEK.

German Reply to American Representations on Passport Forgeries.

Washington, July 30. — Germany's reply to the American representations on forgeries of American passports is not expected before next week at the earliest. Officials here believe the Berlin foreign office will take some time for investigation. No specific treaty covers the case, but forgeries of passports are breaches of courtesy between governments which seldom go unnoticed.

FIGHTING IN HAITI CALLS FOR LARGER FORCE OF MARINES

(Continued from Page One.)

laume, to M. Guilbaud, former minister of justice, who declined. G. Dartiguenave, president of the senate, possibly will accept the candidacy, it is stated.

The majority of the people express disapproval of the landing of American marines. However, the city remains calm.

LOCAL DOTS.

—The steamer Wilmington will make her usual trips to Southport tomorrow morning and afternoon. She will stop at Carolina Beach pier on both trips and will also go to Carolina Beach in the evening. With the hot weather now prevailing there will no doubt be a large crowd who will seek the cooling sea breezes at this resort.

—When Charles DeLoach, a colored boy, attempted last night to sell a pair of shoes to a dealer on North Fourth street, near Bladen, he was promptly taken in hand by Mr. James A. Price, who conducts a shoe repair shop, and the police sent for. Mr. Price says the shoes were stolen from his place several months ago. The boy is charged with receiving stolen goods.

NEGRO TAKEN FROM COURT ROOM AND BURNED TO DEATH

Was Charged With Murder of Three Children Wednesday Night.

Temple, Texas, July 30.—Willie Stanley, a negro, arrested on a charge of murdering the three Grimes children last Wednesday night, was taken from the justice court room at midnight and was burned on the public square in the presence of thousands of men and women. People had thronged the streets all afternoon and evening awaiting the outcome of the examination of alleged accomplices brought from Rogers, tonight.

EIGHT MINERS KILLED

Twelve Others Are Injured When Cable Breaks

Pittsburgh, Pa., July 30.—Eight men were killed and twelve injured at the Patterson mine of the United Coal Company near Elizabeth, Pa. fifteen miles from here, this afternoon when a cable hauling twelve cars up a steep incline, broke. Among the killed was Samuel M. Doughtery, the coal company's superintendent.

To the pier and back, Steamer Wilmington leaves Sunday evening at 7:30 Fare 15 cents. —Advertisement.
